Americans Confused, Disillusioned, Cynical: Gallup

PRINCETON, N.J. (AP) — Pollster George Gallup, now in his fourth decade of surveying the moods of America, says the public today is confused, disillusioned and cynical and "wants desperately to find a way to resolve international problems without going to war."

"I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country," says the man who founded the Gallup Poll in 1935.

Only a handful of Americans wants to pull out of Vietnam, or to "end the war by starting to drop nuclear bombs," Gallup said in an interview.

Seven out of 10 prefer bringing the South Vietnamese "up to fighting level," he said, "then phasing out our own operations."

Turning to politics, Gallup said Americans hold "no great enthusiasm" for any of the potential presidential candidates. As of now, he said, former Vice President Richard M. Nixon is "far, far ahead" in the race for the Republican nomination, although he termed Gov. Nelson A. Rockefeller of New York the strongest candidate the GOP could pick.

He said President Johnson is not in as much trouble politically "as the Republicans like to think," although the outcome of next November's election could hinge on the course of the Vietnam war.

Here is the question-and-answer interview:

Q. Dr. Gallup, how would you describe the current mood of America?

A. I think the mood of America today is one of rather great confusion and disillusionment. All the time we've been operating, 32 years now, I've never known a time like this—when people were so disillusioned and cynical. I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country ... the public wants desperately to find a way to resolve international problems without going to war.

Q. What does the public want to do in Vietnam?

A. First, only a small number just want to pull out tomorrow. On the other hand, that small group is balanced by about the same number of people who would end the war by starting to drop nuclear bombs. The views of the great majority of the people fall in between these two extremes.

A few months ago, we submitted seven different proposals that had been presented for resolving the war. The one most widely supported (by 71 per cent of the people) is one that would have our Army officers start doing a job of really training the South Vietnamese, bringing them up to fighting level, then phasing out our own operations. Within a period of time, they would be carrying the burden. We would still be supporting them. Most people see that sooner or later this plan has to be adopted. We can't stay there forever and prop them up.

The second most popular plan calls for turning over the whole problem to the United Nations, even if the United Nations tells us we must get out. Of the two plans, I think myself that the first one is more practical—to phase out.

Q. What do Americans view as the big problems of our day?

A. First of all, obviously, is Vietnam. In second position, comes racial problems. Inflation is rapidly moving up in importance. I would think next in order would be the crime problem in America. A lot of people tend to associate crime with riots. The problem of crime is of great, major concern. The strength of the Wallace third party movement is largely based upon the crime issue. Many of Wallace's supporters are concerned with respect for law and order.

Q. Is President Johnson in trouble politically?

A. Our data indicates not as much as the Republicans like to think. Johnson, from almost every point of view, and especially with the possibility of a Wallace

MOVING AT LESS than a snail's pace, it will take workmen at least a week to move this 100-foot tall grain elevator 4½ miles across the prairies from Bennett to Indus, Alta, southeast of Calgary. The Alberta Wheat Pool elevator was jacked up and 70 wheels were placed under it before the move began last Saturday. The 16-year-old elevator weighs 250 tons. (CP Wirephoto)

Commies Take Lang Vei; Attack Big Khe Sanh Base

Wallace Vows He Will Stay In Race This Time

WASHINGTON (AP)—George C. Wallace announced today as a third party candidate for president, declaring that neither major party is heeding the "wishes of the American people" and pledging "I will run to win."

The former Alabama governor, who withdrew from a similar third-party campaign bid four years ago, told a news conference: "I am in the race irrevocably."

Wallace said he hopes his name will be on the ballot on all 50 states and that he will be able to finance such an effort.

"I believe the American people will finance any effort to give themselves a voice in the affairs of our country," he said.

When he withdrew in 1964, after the Republicans nominated Barry Goldwater for president, he said this showed his message for states rights had been heeded.

Today, Wallace noted he has repeatedly stated that unless the Republicans or Democrats offer the American people what he termed "a real choice in 1968" that he "would lead a political effort which would in fact offer this choice."

"There has been no response from either of the parties which would show the American people that they are heeding the growing disillusionment with what amounts to a one-party system in the United States," he said.

He said, "The American people are hungry for a change in the direction of our national government. They are concerned and disturbed about the trends being followed by our national leadership."

He called for an end to "crime running rampant in every city of our nation," for punishment of what he termed "treasonable acts" aiding the nation's enemies, for what he called a return to constitutional government and "a nation wherein our states are able to run their affairs, their schools, hospitals and other domestic institutions without receiving directions from Washington, D.C."

Mansfield Is Optimistic:

Pueblo Men Release Likely

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield calls North Korea's identification of the USS Pueblo's dead and wounded an encouraging sign the crew may be released. But the State Department cautions against expecting a quick follow-up.

Mansfield said in an interview he is optimistic because Panmunjom negotiations with the Communists are "being carried out on a reasonable level without the usual vituperation from the other side."

"I think that the North Koreans' release of the names of the dead and wounded is an encouraging sign that we may get the crew members back," he said.

Mansfield, being briefed daily by the Johnson administration said he regards as significant the U.S. removal of the aircraft carrier Enterprise from the sea of Japan, where it was stationed after the North Koreans captured the intelligence-gathering Pueblo and her 83-man crew.

Sources at the United Nations said removal of the Enterprise was suggested to the United States last week by Hungary's U.N. Ambassador Karoly Csatorday, who said it would be a conciliatory gesture.

Still sailing in the Sea of Japan are two other American carriers, plus destroyers and support ships, with about 20 vessels making up the force.

Meanwhile, the Soviets have moved 10 or 15 warships into the same area.

State Department press officer Robert J. McCloskey called "positive" the furnishing of the list of the Pueblo's dead and injured.

May Be Start Of Red Push To China Sea

SAIGON (AP) — The long-expected Communist offensive to drive U.S. forces from the two northernmost provinces of South Vietnam may have started.

North Vietnamese troops made a heavy artillery and ground attack on the U.S. Marine combat base at Khe Sanh today after taking the Lang Vei Special Forces camp nearby in the northwest corner of the country.

AP correspondent John T. Wheeler reported from Khe Sanh that the Red gunners fired more than 300 artillery, rocket and mortar rounds into Marine positions there, and North Vietnamese troops drove the Marines from part of a hilltop outpost a mile from the perimeter of the Khe Sanh base.

The Leathernecks counterattacked and, with heavy artillery and air support, drove the North Vietnamese down the hill.

During the attack on Lang Vei Wednesday, the enemy troops ringing Khe Sanh moved in closer to the American lines. Marine officers at the base believed a major assault was imminent on the Marine base and the air strip which is its chief avenue of supply and reinforcement.

Officers at Khe Sanh said the Communists appear bent on a drive to the South China Sea along east-west Route 9, the western end of which Khe Sanh guards.

14 Escape

The last American, South Vietnamese and Montagnard forces were driven from the Lang Vei camp three miles west of Khe Sanh after an 18-hour siege in which the defenders suffered heavy casualties.

Fourteen of the 24 Americans escaped, and eight of them were wounded, some critically. The other 10 were dead, captured or trying to make it to Khe Sanh.

Of about 400 South Vietnamese and Montagnard irregulars in the camp, some 25 wounded were lifted to safety by U.S. helicopters along with the U.S. troops. Nearly 150 more irregulars made it to the Khe Sanh base during the night or today, leaving about 225 dead or missing.

Survivors reported that after a heavy artillery bombardment Tuesday night, the camp was hit on two sides by North Vietnamese tanks being used in the war for the first time, while foot troops came in between them.

The battle ended quickly, but eight of the Americans retreated into the headquarters bunker under three feet of reinforced concrete and two feet of steel. The North Vietnamese hurled small explosive satchel charges and tear gas and incendiary grenades down the air shafts.

Break For Freedom

The satchel charges did little damage, and the Americans donned their gas masks and put out the fire. Meanwhile, they called in air strike after air strike on the North Vietnamese above.

After 18 hours of siege, six of the eight Americans were wounded and the group decided to break for freedom. While U.S. planes roared down in dummy runs, those who could run picked up the others and broke from the bunker. One of the eight didn't make it to the helicopters that came in and is missing.

Earlier reports said the North Vietnamese used nine tanks in the attack on Lang Vei, and the

Six State Men Die In Combat

WASHINGTON (AP) — The Defense Department said Wednesday six Michigan men were among 98 American servicemen killed during last week's heavy fighting in Vietnam.

All Army men, the list included:

S.Sgt. Vernon L. Newton, husband of Mrs. Joyce A. Newton of Detroit; Sgt. Louis R. Balog, son of Mr and Mrs. Louis F. Balog of Monroe; Spec. 4 Allen L. Winters, son of Mr. and Mrs. Leonard Winters of Adrian; Pfc. Robert R. Van Gilder, son of Mr. and Mrs. Kenneth Van Gilder, Grand Rapids; Pfc. William E. Grennay, husband of Mrs. Jeanette G. Grennay, Jackson, and Pfc. Vernon H. Christoffer, son of Mrs. Mary McCarthy of Saugatuck.

Weather

ESCANABA AND VICINITY—Cloudy today with light snow flurries, high near 25. Variable cloudiness and colder tonight with chance of snow flurries, low near 5 above. Friday partly cloudy and colder. High yesterday, 23 and low overnight, 13. Saturday outlook: fair and cold. Winds west to southwest (10 to 20 mph) this afternoon and northerly early tonight. Precipitation probabilities: today, 30%; tonight, 40%; Friday, 20%.

Upper Peninsula — Cloudy with some light snow or snow flurries likely this afternoon. Variable cloudiness and colder with chance of snow flurries tonight. Friday partly cloudy and colder with chance of flurries especially in the east portion. Highs this afternoon 18 to 26. Lows tonight 8 below to 4 above. Highs Friday 5 to 15.

Sun sets today at 5:04 p. m., and rises Friday at 7:00 a. m.

$3 Billion Aid Bid Faces Slash

WASHINGTON (AP) — President Johnson asks Congress today for $3.04 billion in foreign aid for the coming fiscal year amid signs of another rough round on Capitol Hill for the overseas assistance program.

The President's program for $2.5 billion for economic assistance and $540 million for military aid abroad during the fiscal year starting July 1, to be sent to Congress in a special message, is about $750 million above what the legislators were willing to grant him last year.

Congress chopped nearly $1 billion out of Johnson's $3.2 billion aid budget for the current fiscal year.

Some congressmen who saw Johnson's aid figures in his budget message last month have already said they intend to cut again. Rising federal spending, the dollar drain, criticism of the administration's Vietnam policy and demands for more outlays for social welfare at home have added to pressure for reducing the overseas program.

In offering his budget, Johnson said foreign aid is essential to U.S. efforts to promote world peace, both through raising living standards in less-developed areas and through contributing to the defenses of non-Communist nations.

The $3.04 billion for the aid-administering Agency for International Development and global arms assistance is a large portion but by no means all of the U.S. assistance extended abroad.

AID chief William S. Gaud calculated total U.S. economic aid programs for fiscal 1969 at $4.23 billion, up from $3.98 billion this year, including along with his agency's outlays those under the Food for Freedom program, contributions to international banks and spending for Peace Corps volunteers.

The $540 million military aid outlay does not include undisclosed amounts for Vietnam, Laos and Thailand, which are included in the regular U.S. defense budget.

Three Renamed To Comp Board

LANSING (AP) — Lt. Gov. William Milliken has announced three reappointments to the State Workmen's Compensation Appeal Board, all for terms expiring Feb. 1, 1972.

Renamed were Arthur T. Iverson Jr. of Birmingham, the current chairman; Paul Mahinske of Howell, and Willard I. Bowerman Jr. of Lansing.

All are attorneys. Board members receive an annual salary of $16,500.

Senate confirmation of the appointments is required.

Hint Ford For Commerce Job

WASHINGTON (AP) — A ranking Senate Commerce Committee member hints Henry Ford II will replace ailing Alexander B. Trowbridge as secretary of commerce.

The senator, who declined to be identified, commented amid persistent rumors Ford might be tapped for a high government post. Neither Ford nor the White House has ruled out such a possibility.

The senator said he understood that Trowbridge, who was recently hospitalized with a heart ailment, would resign soon. This could not be officially confirmed.

"There hasn't been any resignation or indication of one," White House press secretary George Christian had said earlier.

Should Trowbridge resign, President Johnson's nomination of a replacement would go before the Commerce Committee and then to the full Senate for confirmation.

The Commerce Committee member said Ford has long been interested in problems dealing with exports and trade generally, including the balance of payments deficit. He added the board charman of Ford Motor Co. has helped the administration on many of these matters.

There have been reports Ford, 50, would take a government job not on the Cabinet level but the Senate source said it seemed logical that if he's going to take any government job it would be as commerce secretary.

GOP Redfaced:

State Pays Tab In Romney Party

LANSING (AP) — Senate Republican leaders, redfaced over what they said was an error resulting in the state paying for a Romney for President cocktail party, today found no sympathy among Democrats.

Senate Democrats, two of whom were rapped by Republicans last week for taking a $2,000 fishing trip to Canada while serving on a special committee, rubbed salt in GOP wounds Wednesday with caustic comments on the Senate floor.

Meanwhile, Majority Leader Emil Lockwood and Majority Floor Leader Robert Vander Laan attempted to explain how the Senate came to pay almost $1,000 for presidential campaign for Gov. George Romney in San Francisco last December.

Republicans Twitted

Sen. Coleman Young, D-Detroit, rose on the Senate floor and jokingly told his colleagues that he had "secret information" that the two Democrats accused of going fishing in Canada got on the wrong plane.

"They really were headed for San Francisco and the party," Young said.

One of the two Democrats under fire for the fishing trip, Sen. Basil Brown of Highland Park, said he will introduce a resolution to require strict reporting of senate committee expenses.

Lockwood said the Romney party took place at the St. Francis Hotel, where a Michigan delegation, made up of both Republican and Democratic House and Senate members, was staying while attending a seven-day national legislative leadership conference.

A certified public accountant from St. Louis, Lockwood said he inadvertently signed the bill for the party, held to boost Romney's campaign for the GOP presidential nomination.

Although the bill was made out to Romney Associates, a group backing the governor's candidacy, the hotel "goofed" and sent it to the State Senate for payment with other delegation bills, Lockwood said.

Repay State

The total bill, which came to $1,804.70, subsequently was paid by the Senate, he said, and the error was discovered about a week and a half ago by Vander Laan, chairman of the Senate Business Committee, in a rou-

Car Plate Sale Hits 1.7 Million

LANSING (AP) — Michigan vehicle license plate sales hit the 1.7 million mark as of the end of last week, about 305,000 ahead of last year's pace, reports Secretary of State James Hare.

Hare reminded motorists, however, that the Feb. 29 deadline for the purchase of 1968 plates is coming on fast. There still are about 1 million drivers who should purchase plates before the end of the month, he said.

Chicago Sausage Factory Explosion Fatal To Five

CHICAGO (AP) — Fire and a series of explosions ripped a sausage factory Wednesday killing five persons and injuring 78.

Two persons were reported missing and were feared buried in the rubble. They are Roy R. Laidly, 61, company president, and an unidentified woman employe.

Three of the dead and 18 of the injured were firemen who were fighting the blaze when the main explosion shattered the building. A policeman said the blast hurled bodies of firemen and workers across a street. "People were running, falling, screaming everywhere," said Frank Shear, 52, general manager of the plant. "You could see bodies going up in the air."

Near Ampitheatre

Windows were shattered in buildings and cars a block from the Mickleberry Sausage Co., located on the South Side, near the International Amphitheatre. Cars parked on streets along the building and in a used car lot across the street were battered by the debris.

About 250 firemen with 50 pieces of equipment battled the fire for hours in freezing temperatures before bringing it under control.

The injured, many of them spectators watching the fire, quickly filled nearby hospital emergency wards and were taken to hospitals miles from the scene as the casualties mounted.

About 35 persons were thought to have been in the factory, which normally employes about 110, when the fire started. Most of the day shift already had left.

Witnesses said there was a small explosion followed by dense smoke about five minutes before the main blast. Most of the employes fled during that interval.

A number of office employes, however, were trapped on the second floor. Firemen were trying to remove them when they were caught by the large explosion.

Cause Unknown

Police said the driver of a gasoline truck, Bernard de Young, told them his truck "hit something" in an alley at the rear of the building and caught fire.

Fire authorities said the explosion may have been caused by gasoline or gas fumes flowing into the building from the burning truck. The main force of the blast blew the front from the building, heavily damaging homes and stores across the street.

The factory is in a residential and light industrial area near the stock yards.

'Burglar' Is Photo

JACKSON (AP) — A Jackson merchant, Myron Huffman, told police he thought he saw a burglar in his store Wednesday. When officers arrived they crept up on the intruder and discovered a life-sized advertising photograph of a popular singer.

Today's Chuckle

Marriage is like the Army — everyone complains but you'd be surprised at how many re-enlist.

Leonardi Named Law Supervisor In Delta County

Veteran conservation officer Ernest Leonardi, 45, took over this week as one of three new law supervisors in the Escanaba district.

Leonardi will work out of Rapid River under district law supervisor Robert Timmer of Escanaba.

Other area law supervisors are Albert Latasiewicz of Munising and John Bezotte of Marquette.

Leonardi's prime responsibility will be to supervise and coordinate field work of officers Frank Opolka, James Walker, Thomas Safford and Charles Bowen in Delta County. Leonardi also will work as an officer, increasing the law enforcement force by one man in the county.

"The idea is to coordinate shifting of personnel better—to cover hot spots," said Timmer. "Our district is so big (Delta, Marquette and part of Alger counties) that it's difficult to coordinate all the men from one office."

Leonardi said that under the new program of area law supervisors the Conservation Dept. hopes to serve the people better.

Born in Crystal Falls, Leonardi attended Alpha schools and—after serving in the Army from 1943 to 1946—graduated from the University of Michigan in 1947 with a bachelor's degree in forestry. He did graduate work at the University of Pacific in California and joined the Chicago Park District.

He came to the Conservation Dept. in 1951, working in Marquette, Big Bay and for the past 13 years at Ironwood.

He is married and is the father of eight children, five boys and three girls. He plans to move his wife, Vira, and family to Rapid River after school ends in June and suitable housing is available.

Ernest Leonardi

Filled Milk Rule Is Topic Of Federal Meet

Proposals to amend or extend all 74 federal milk marketing orders to cover filled or imitation milk, as well as milk in its natural form, will be considered at a national public hearing in Memphis, Tenn., Feb. 19, the U.S. Department of Agriculture announces. The considerations will apply also to proposed orders for Chicago and South Texas, if they become effective.

Another national hearing will be held in Memphis, Feb. 23, on proposals to extend temporary Class I prices made effective last year. Without the requested extension, Class I prices in most markets would decline after April.

Principal issue at the Feb. 19 hearing will be whether federal milk marketing orders should apply to dairy ingredients in filled milk and related products. Filled milk is a product containing skim milk, or skim milk reconstituted from nonfat dry milk, with added vegetable fat in place of the natural butterfat. Other so-called imitation milk products may rely on sodium caseinate or other sources for their protein, and on vegetable sources for sugar and fats.

The hearing on federal milk order prices was requested by the National Milk Producers Federation and Pure Milk Products Cooperative.

Course

Northern Michigan University, in cooperation with the Delta-Schoolcraft Intermediate School District, will offer a course in the management of speech problems by the classroom teacher to area teachers in the spring semester. Registration and the first class session will be held at 6:30 p.m. Monday, Feb. 19, at Gladstone High School.

Private business in the U.S. will spend an estimated $7 billion this year on research and development.

Nick J. Kolich Dies Suddenly

Nick John Kolich, 47, of 1416 N. 19th St., died suddenly this morning at his home. He was born April 14, 1920 in Escanaba and had resided here all of his life.

He served with the Merchant Marines during W.W. II and was employed as an ore handler for the C&NW Railway for 17 years. Mr. Kolich was a member of St. Thomas Church, the Ore Handlers Union and the Brotherhood of Railway Car men.

He is survived by his widow, Shirley; one daughter, Katherine; four brothers, Michael, Frank and Tony of Escanaba and Joseph of Oconomowoc, Wis.; eight sisters, Mrs. Ted (Anna) Saxe and Mrs. Robert (Ruby) D'Amour of Oconomowoc, Mrs. Frank (Mary) Kobasic and Mrs. Elmer (Rose) St. Peter of Escanaba; Mrs. Henry (Catherine) Gustafson of Rapid River, Mrs. Joseph (Mildred) Olszweski of Milwaukee and Mrs. Leo (Barbara) Lancour of Flat Rock.

Friends may call at the Degnan-Crawford Funeral Home from 3 to 9:30 p. m. Friday and parish pravers will be recited at 8 p. m. Funeral services will be conducted at 10 a. m. Saturday at St. Thomas Church with Rev. Arnold Thompson officiating and burial will be in Holy Cross Cemetery.

GM Exports Dip Reported

DETROIT (AP) — General Motors reported a drop in its 1967 overseas passenger car sales Wednesday, but the firm said it was still No. 1 in sales abroad as well as at home.

The firm reported selling 1,194,000 cars and 252,000 commercial vehicles outside the United States last year, compared with 1,310,000 cars and 261,000 trucks the year before.

Ford Motor Co., GM's main rival at home and abroad, said its 1967 sales figures outside the United States were not yet available.

In the past Ford has disputed GM's claim to being No. 1 outside North America, but a Ford spokesman said it could not dispute GM's claim to being No. 1 in car sales outside the United States. The spokesman said a strike that closed Ford's operations in the United States for two months would not affect its overseas sales as much as it did its domestic sales.

GM said figures showing how many of its overseas car sales were in Canada and how many were outside were not available.

Domestically, GM increased its share of the market to 54.7 per cent in 1967 compared with 51.2 per cent the year before. Ford's share dropped from 28.3 per cent in 1966 to 24.2 per cent last year.

Briefly Told

AMVETS Post 123 will meet today at 8:00 p.m. in the AMVETS Hall, 1311 N. 21 St. Harry Viau will serve lunch.

Barbershop singers meet this evening at 8:01 at the Eagles for regular rehearsal. President Brian Wood has called a board of directors meeting for 7:30.

The Order of Runeberg will meet at 7 p.m. Saturday at the Sherman Hotel.

Iron Ore Handlers, Lodge 400 will meet at the Eagles Club at 7 p.m. Friday.

There will be no immunization clinic at the Delta County Building on Friday. The next clinic will be Friday, Feb. 16 from 2 to 4 p.m.

TWO FORMER Escanaba residents — Fahey Flynn, left, and George T. Rodman — talked about the Upper Peninsula in Chicago at a press conference announcing Flynn's signing of a 10-year contract for a news show with WBKB-TV. Flynn was born and raised in Escanaba and attended Oshkosh, Wis., State Teachers College. Rodman, a former Daily Press staff member, recently was named promotion director for WABC-TV, New York.

Escanaba Hosting Debaters Friday

Escanaba Area High School on Friday and Saturday will be scene of the final Upper Peninsula Debate Tournament for Class A and B high schools. This will be a double elimination tournament in which 12 high schools will participate. The tournament is being sponsored by the Michigan High School Forensic Association, the University of Michigan and Bay de Noc Community College.

Registration for the tournament will be held at 3:45 p.m. and Round I of the tournament will begin at 4:10. There will be six rounds to the tournament in which every school will debate at least twice with the final debate to be held at 12:30 p.m. on Saturday, Feb. 10. This will determine the champion and runner-up for the Upper Peninsula in Class A and B schools.

This debate will be followed immediately with an award dinner at 1:45 at which awards will be presented. Classes C and D held their final tournament at Northern Michigan University on Jan. 27.

Trophies and plaques for outstanding teams are furnished annually by the Detroit Free Press. This year the students will be the guests of the University of Michigan Bureau of School Services.

High schools participating in the tournament are Holy Name, Escanaba; Menominee; Luther L. Wright, Ironwood; William G. Mather, Munising; Negaunee; Manistique; Newberry; Kingsford; Iron Mountain; Gladstone; Marquette and Escanaba Area.

Local arrangements have been made by John Romstad, Bay de Noc Community College; Charles Follo, University of Michigan Extension Service and Mrs. Vernon Lang, debate coach at Escanaba Area Senior High School.

Senators Seek Coho Fund Hike

WASHINGTON (AP) — More federal support for the Coho salmon planting program in the Great Lakes was called for Wednesday by Sens. Philip A Hart, D - Mich., and Robert P. Griffin, R-Mich.

They introduced a bill in Congress to increase the authorization of the Anadromous Fish Conservation Act from $25 million to $30 million.

Anadromous fish are those species, such as salmon, that spend their adult life in large bodies of water and travel far upstream to spawn.

Under the Hart-Griffin proposal, the federal government would bear 75 per cent of the cost of programs developed jointly by two or more states. The current federal limit is 50 per cent.

"Since Coho feed principally on the overabundant alewife, they promise to diminish the population of this herring-like fish that annually litters our beaches," the senators said in a statement.

"At the same time, the Cohos are restoring the Great Lakes as a sports and commercial fishing center."

Indoor Tennis Program Set

The indoor tennis program for young people and adults of the area, sponsored by the Recreation Department with the cooperation of the Escanaba Area Board of Education, will begin at the Senior High Sunday, Feb. 11, at 1:30.

Adults are asked to report at 1:30 for their session and the young people will take their turn on the courts at 3. Interested netters may call ST 6-1083 for further information. Registration blanks are available at Club 314 or at the home of Paul Vardigan, 1415 16th Ave. S.

Obituary

NAPOLEON LABRE

Funeral services for Napoleon Labre, a former resident of Spalding, were held at 9:30 a.m. Wednesdaly at St. Francis Xavier Church in Spalding with Rev. A. Ehlinger officiating. Burial was in Spalding Township Cemetery. Honorary pallbearers were members of the St. Ann Society. Pallbearers were Phil Labre, Edward Labre, Earl DuBois, Harry Jamar, Fred Jamar and Walter Russell.

Phony Directory Billings Flooding State Says Hare

LANSING (AP)— Michigan is being flooded with a new fraud that has reached "gigantic proportions," Atty. Gen. Frank Kelley warns—phony billings for so-called classified directories.

Kelley said the Consumer Protection Division of his office has received more than 100 complaints since the first of the year.

Kelley said the scheme operates this way:

The person solicited receives a punch card through the mail which gives the appearance of being a bill. On one corner is printed a picture of a yellow-paged book with the words "Classified Listings" superimposed.

At the top of the card in large print are the words, "Please return this card with your check." An amount is printed, usually $73, with the direction, "Pay this amount."

The card also contains the well-camouflaged notice in small print that, "This is a proposal form not a bill invoice."

The entire scheme, Kelley said, is an obvious attempt to give the impression that this is a bill for a listing in the telephone company's yellow pages.

The attorney general said the fraud is covered under a new federal law which forbids solicitations in the guise of bills or statements. The law does not become effective until April 6, however.

Hospital Chief

MUSKEGON (AP)—Dr. L. H. Beechnau, a Muskegon osteopath, has been named the first chief of staff at Muskegon General Hospital, a new osteophatic hospital which opened last June. He held a similar position at Muskegon Osteopathic Hospital in 1961.

Mack Seeks Ban On Doe Shooting

LANSING (AP) — An Upper Peninsula legislator has introduced a bill to ban the shooting of does and fawns in Michigan.

The measure, introduced by Sen. Joseph Mack, D-Ironwood, would put the issue of forbidding the shooting of female deer and their young on the November election ballot.

The measure has to pass both houses by a two-thirds vote before becoming a ballot issue.

If the ban is approved by both the Legislature and the voters, it would become effective with the 1969 hunting season.

In past years, similar bills have passed the Senate but have died in the House.

Mack said he expects better support for the measure this year.

"If we are to preserve the deer herd in Michigan," Mack said, "we must prohibit the wanton slaughter of young does and fawns.

"The question has been before the Legislature in past years and has been thoroughly researched and debated. Meanwhile, the herd has dwindled to tragic proportions.

"Deer hunting," Mack said, "will soon be a thing of the past if we don't return to the bucks-only season. I believe the proper approach to this important question is to put it on the ballot and let the people decide."

The State Conservation Department started issuing limited antlerless deer permits in 1961.

The department sets quotas for does and fawns each year, depending on the size of the deer herd.

"We've pretty well proved it works," said Dave Arnold, department deer specialist. "If we don't crop the deer they will starve through the winter.

"We figure it is better to let a hunter take the deer home than have them die for lack of food."

In the past, Arnold said, tens of thousands of deer would starve in severe winters. The food supply now is balanced with the size of the deer herd, he said.

In addition, he said, if does are not shot many make it through the winter in a weakened condition and don't produce as many fawns.

Prison Escapees Sought In Flint, Saginaw Areas

FLINT (AP) — Authorities today concentrated their hunt in the Flint and Saginaw areas for two fugitives who became the third and fourth convicts to escape from Southern Michigan Prison at Jackson in the past four days.

Jackson authorities said the two men, both trustys working outside prison walls, apparently cut through a fence and escaped down a nearby railroad track Wednesday.

They were identified as Robert E. Stockford, 31, of Saginaw, and Elton Culver, 25, of Flint.

Stockford was serving five to 15 years for armed robbery of a Saginaw dress shop last March.

Culver had been sentenced to three to four years for larceny from a store in Genesee County.

Two other men escaped Sunday from the prison dairy farm but were apprehended Monday night, one in Saginaw and the other in Madison Heights.

Prison authorities said Culver and Stockford were discovered missing during a routine head count.

Pike At Western

KALAMAZOO (AP)—The Rt. Rev. James A. Pike, former bishop of the Episcopal Diocese of California, is scheduled to speak at Western Michigan University Friday. Currently he is lecturer in law at the University of California at Berkeley.

January Set 87 Year Mark

January came in very cold and tied the all time low record for the 8th, set in 1881, the Weather Bureau reports.

The cold weather prevailed for the first eight days and averaged about 20 degrees under normal. The highest temperature in this period was 19 and below zero readings were observed on all but one day.

The low mark of 17 below zero on Jan. 8 was the lowest in 87 years.

Total snowfall for the month was 11.4 inches, which was about two inches under the average for January. Greatest snowfall in 24 hours was 3.7 inches on the 8th and 9th and greatest depth on the ground 9 inches on the 11th and 12th.

The average temperature was 15.9 degrees, which was 2.5 degrees under normal. Highest reading was 40 on Jan. 18 and 26, lowest -19 on the 7th.

Invite Girls To Enter Delta's Queen Contest

The second "coke" party, held for girls interested in competing for the crown of Miss Delta County - 1968, will be held at Bay de Noc Community College in Room 101 on Thursday, Feb. 8, at 7:30.

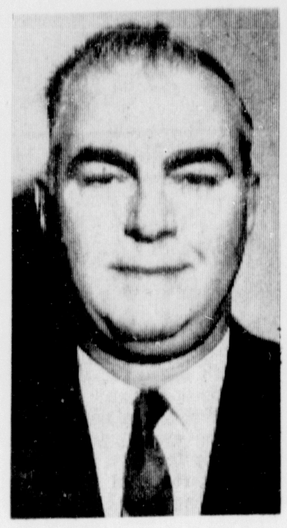

Mrs. John Greis, director of the pageant and Miss Penny Johnson, Miss Delta County-1967, will be at the meeting to answer questions.

Any girl between the ages of 18 and 28 by Sept. 1, 1968, and will be a high school graduate by that time, who has never been married, divorced, or had a marriage annulled is eligible to enter the contest.

The pageant will be held at the Wilam Oliver Auditorium on March 23.

Girls who meet the above qualifications but cannot attend the meeting may call Mrs. John Greis or Robert Bink, chairman.

AMERICAN TIMBER Homes, Inc. today announced the appointment of Thomas X. Quinn of Escanaba, to the position of sales promotion manager. Quinn has been associated with the firm since 1961 as a salesman and as manager of the company's local sales office. In his new duties he will train sales personnel from franchised distributorships in other areas and develop sales promotion programs for their use. American Timber Homes has franchised distributorships in New Hampshire, New York, New Jersey, Connecticut, Maryland, Virginia, Pennsylvania, Ohio, Iowa, Kansas, Texas, and Utah. A new company sales office and model homes display is under construction at 26950 Grand River Road in Detroit, and another is planned for Milwaukee.

American People Disillusioned And Confused: Gallup

(Continued From Page One)

candidacy, is still in a pretty strong position—because the one candidate who could appeal to independents and dissident Democrats is Nelson Rockefeller, and his chances of winning the nomination at this time cannot be called too rosy.

Q. Then you think Rockefeller would be the strongest Republican candidate?

Republicans Decline

A. At this time he is, yes. The reasons go back to the simple arithmetic of the whole political scene. In these surveys, one of the standard questions is "Do you regard yourself as a Republican, Democrat or independent?" In 1940, the number of people who regarded themselves as Republicans was just about equal to the number that called themselves Democrats. Through the years, the Republicans have declined in number and popularity, and now about 27 per cent of the American public identifies itself with the Republican party; about 42 per cent with the Democratic party, and about 31 per cent call themselves independents. This is the highest figure for independents we've ever had. You might say that on this basis the Republican party is a third party—Republicans polling their full strength would be hopelessly defeated. They've got to get a considerable number of the independents and chip away at the Democrats to get over that 50 per cent line. The Republicans need, obviously, a coalition-type candidate.

Q. Who do you predict will be the Republican presidential nominee?

A. The word predict is one we try like hell to avoid. All we can do is report sentiment at a certain time . . . You can say, as of the present time among Republicans, Nixon is far, far ahead. We also poll Republican county chairmen, and they reflect party sentiment at the local level pretty well. They give Nixon a very big lead.

Traffic At Soo Bridge Jumps

SAULT STE. MARIE (AP)—The International Bridge at Sault Ste. Marie recorded 28,341 crossings in January, nine per cent more than the 25,999 for January of 1967.

James Brophy, bridge authority chairman, attributed the increase to a greater number of trucks hauling steel and lumber from Canada to the United States and coal trucks going into Canada.

"For the first time since the bridge was opened in 1962, traffic came close to original predictions of the traffic engineers," Brophy said.

"Although traffic has increased slightly each year, it has consistently fallen behind the predicted amount," he added.

New Walkouts Threaten GM

DETROIT (AP) — General Motors Corp. recalled 26,600 laid off workers to its U.S. plants today, but had 12,900 walk out in advance of a Friday midnight strike deadline in Canada.

In addition, the United Auto Workers Union served notice it will strike at four additional U.S. Chevrolet plants if local-level working agreements are not reached at them ahead of deadlines staggered to Feb. 20.

The newly threatened U.S. walkouts would idle 15,700 and bring to eight the number of Chevrolet facilities operating under strike threats.

At Pontiac Motors Division in Pontiac, Mich., the UAW threatens to pull out 16,500 workers if no at-the-plant settlement is reached by 2 p.m. Friday.

Local - level working agreements supplement the national contract on which GM and the UAW reached agreement in mid-December and which already has been ratified by the 360,000 UAW members employed by GM. The national package gives workers a gain of $1 an hour in wages and fringe benefits over the next three years.

Now settled local-level strikes at three U.S. foundries resulted in parts shortages that caused GM to lay off 130,000 at one time. Today's recall leaves 13,350 still on furlough but due to be recalled Monday.

PRESENTING CITATIONS to representatives of groups that raised $1,053 for muscular dystrophy were Mrs. John Heiden and Tom Smith, co-chairman of the fund campaign. Pictured (from left) are Mark Tibergien and Tom Pfotenhauer of the Gladstone High School Lettermen's Club; Mrs. Heiden and Tom Smith; Carol Ojaenen, Holy Name High School Student Council member; and Nels Ebbesen, master councilor, Escanaba De Molay. (Daily Press Photo)

Dystrophy Drive By Young People Returns $1,053

Three youth groups from the area cooperated in raising funds to aid the victims of muscular rystrophy, and their combined effort brought contributions totaling $1,053, it was announced today.

The report of the success of the drive was made by Mrs. John Heiden of 1518 1st Ave. S. and Tom Smith, 408 S. 8th St., the campaign co-chairman for the Muscular Dystrophy Accociation.

Participating in the drive were Holy Name High School students of Escanaba, the Order of De Molay, and the Gladstone High School Lettermen's Club.

It was reported that Holy Name students raised $586 in their house-to- house calls; the De Molay under the leadership of their Dad Advisor Bob Jenshak raised $317; and Gladstone High School Coach Don Pfotenhauer raised $150 with a tag day.

The funds will be used for orthopedic appliances for Delta County patients, and a portion will go to support the muscular dystropry research center at Wayne State University, Detroit.

Four of the 75 muscular dystrophy clinics in the United States are in Michigan — at Detroit, Flint, Grand Rapids and Kalamazoo.

Research is progressing steadily and is shortening the distance between the limited management of today and the effective treatment of tomorrow.

Scouts Observe 58th Birthday

By DICK OSLUND

More than 1,400 Cub Scouts, Boy Scouts, Explorers, and Leaders of the Red Buck District, Hiawathaland Council Boy Scouts of America, are observing the 58th anniversary of Scouting during Scout Week, February 7-13.

The week's theme is "Scouting Rounds A Guy Out," demonstrating that Scouting challenges a boy's mind and muscle and gives him an opportunity to develop self-confidence.

With a current membership of over 6 million persons in 150,000 scout units across the country, Boy Scout Week is the largest single birthday observance by young Americans.

Principal activities in the Red Buck District which includes Manistique, Cooks, Rock, Hermansville, Escanaba, and all the area surrounding these towns, will include window displays, Blue and Gold dinners, Courts of Honor, Uniform Day, attendance at church services in a body, a leaders roundtable and the organization of several new scout units.

Parties Programs

Various area merchants have invited boys to use store windows to display projects which demonstrate some of the skills they acquire in Scouting.

Cub Packs will celebrate with Blue and Gold dinners, pot - luck affairs with entire families attending. They are fun-filled parties and they give Cubs an opportunity to practice a number of social graces as they develop invitations, place cards, centerpieces and decorations. The programs will include skits portraying the foundation of the American way of life.

Scout Troops and Explorer Post will conduct Courts of Honor. At the Courts, boys will be presented with badges and certificates as tangible evidence of their growth in character, citizenship and Scouting skills. The advancement requirements in Boy Scouting are series of tests that must be overcome by the boy as he progresses through the ranks from Tenderfoot to Eagle Scout.

Each rank consists of a series of tests, and the award signifies that the recipient is prepared to help other people as he grows in character and citizenship.

Scout Sunday

Thursday, Feb 8, is Uniform Day and all boys are encouraged to wear their uniform to school to further dramatize the size of the movement. (Currently, one of every four scoutage boys belongs.)

Attendance at services in uniform on Scout Sunday, Feb. 11, will help to demonstrate that Scouting is strongly religious in its principles and purposes. Scouting recognizes that religious instruction of a boy in Scouting is the responsibility of the home and the church, synagogue or other religions association with which a boy is associated.

"A Scout is reverent. He is faithful in his religious duties. He respects the convictions of others in matters of custom and religion."

Scout leaders will gather for a Roundtable, Thursday, in the Wells School. They will learn new techniques and program ideas. Plans for improving their own units' program will be made. Boy Scout leaders will make final plans for the Klondike Derby, which is set for March. 2.

Extra frosting was added to the birthday cake this week, when the Washington School Cub Pack was reorganized and a new Cub Pack was organized at Franklin School.

Arkansas Prison Bodies Will Be Given Reburial

LITTLE ROCK, Ark. (AP) — State Prison Supt. Thomas O. Murton says all bodies in unmarked graves at Cummins and Tucker prison farms will be dug up.

The State Prison Board gave him a free hand Wednesday to resume the digging.

There has been no digging at the farms since Jan. 29 when Reuben Johnson, a Cummins inmate, led Murton to an area where three human skeletons in makeshift wooden caskets were unearthed.

Murton said digging would start after he followed the board's recommendation to establish pauper cemeteries at both prisons.

Since Jan. 29, many ex-convicts have reported that there were many more bodies buried there and that they had seen inmates killed.

Some former prison officials have said the three skeletons came from a paupers graveyard.

Classified Ads Cost Little But Do A Big Job

Milkman Killed

DETROIT (AP) —A 61-year-old milkman was shot to death Wednesday as he was leaving his truck to make a delivery on Detroit's West Side. He was the second milkman slain in Detroit this year.

Detroit police said Robert Leo Eldon, an employe of Ira Wilson Dairy Co., was shot in the face by a young man, who then escaped.

Machine Operator Course Is Offered

Bay de Noc Community College will continue its community service occupational training program with a machine operators training course beginning March 4, offered in cooperation with the Escanaba Area Public High School.

Machine operator's instruction will include appropriate classroom training in blueprint reading, shop math and maximum opportunity to operate machine equipment. The facilities and equipment of the high school will be available for the course.

Eligibility for enrollment includes a requirement that candidates have a high school diploma or can show equivalent experience and reasonable potential to successfully complete the training. Applications for the machine operators course will be accepted at Bay de Noc College Student Personnel Office, Room 17, beginning Feb. 9. Closing date for registration will be Friday, Feb. 23.

Due to the limited machine equipment, registration will be limited to the number of students who can be accommodated by the available equipment. There are approximately 12 students per section and there will be two sections offered if there is a demonstrated need to accommodate students.

Each section will meet twice a week, for three hours, 7 to 10 p.m., and instruction, blueprint reading and machine operation will be an integral part of each meeting.

The registration fee for the machine operators course has been established by the Board of Trustees at $20 to cover the cost of operating the course. Fees will be collected at the time of registration, beginning Feb. 9 at the Community College.

Muskegon Eatery Strike Settled

MUSKEGON (AP) — A six-day strike against five major restaurants in Muskegon ended Wednesday when members of the Hotel, Restaurant Employes and Bartenders Union, Local 411, ratified a new three-year contract.

The agreement was reached early Wednesday after a 17-hour bargaining session. The old contract expired Jan. 1.

The new pact provides wage increases of 45 cents an hour for workers who don't receive tips and 26 cents an hour for those who do, improvements in overtime and holiday pay and employer-paid hospitalization.

Affected by the strike were Bill Sterns, the Black Angus, the Sir Loin, Lakos and the Red Vest.

Parochial Aid Mail Is Heavy

LANSING (AP)—A letter-writing campaign this week by backers of state aid to parochial schools has dumped mountains of mail in the offices of Gov. George Romney and the House and Senate majority leaders.

Spokesmen for the three said Wednesday they had received at least 4,000 letters each and expected to get some more.

The aides said virtually all the letters were from parents of parochial school children, and many said forcing them to pay taxes to support public schools while also paying extra for religious education amounted to "double taxation."

Michigan religious groups, including the Committee for Educational Freedom—an organization of parochial school parents—have called for state aid to nonpublic schools. So far, no bills on the subject have been introduced in the Legislature.

Romney aide George Trumbull said leaflets distributed by the committee apparently inspired the mail campaign.

Trumbull said Romney had received about 4,250 letters by Wednesday. He added they would all be answered.

Aides of House Speaker Robert Waldron, R - Grosse Pointe, and Senate Republican Leader Emil Lockwood of St. Louis estimated they had received about 4,000 letters each on the subject.

HI, NEIGHBOR!

The neighborhood pharmacy has always been a focal point in the community.

It's a grand old American institution.

Here, friends meet informally.
They talk about the weather,
how things are going in the sports world,
discuss politics, grumble a bit about taxes.

When we fill a prescription for you,
it is not just a business transaction.
It's an opportunity to be of helpful service
to a neighbor and his family.

Highways Opposed

One of the Upper Peninsula's able development planners recently declined to serve on a committee created to promote tourism development in the U. P.

He said that his view of the situation didn't permit him to serve with sincerity. He thinks that much of our continuing effort to develop tourist business in the U. P. is mistaken and unproductive.

He regards the eastern end of the U. P. as having resources upon which a good summer tourist business can be built, but much of the planning for the mid-Peninsula he regards as a mirage.

Nothing will happen, he believes, until the needed thing is done for the area. The needed thing is a superhighway system, like the eastern U. P.'s I-75.

★ ★ ★

There isn't much prospect of early action on a superhighway system for the U. P. at present. The Michigan Highway Department under the direction of the late Charles Zeigler didn't think the U. P. should be in the Interstate Highway System and we're not in it.

We have U. S. 2 and M-28 running east-west in the U. P., neither of them is a limited access highway. We're not on the superhighway map that people get out to plan their tours.

No single thing is so needful for U. P. tourism development as modern highways. And this goes for a lot of business not connected with tourism, too.

★ ★ ★

The Upper Great Lakes Regional Commission, our federal "Little Appalachia" agency for the northern parts of Minnesota, Wisconsin and Michigan, is a chief current hope for superhighway construction with huge federal aid as a method of upgrading the Northern Lakes States' economy. (Appalachia got nearly a billion dollars from Congress for a highway system to spark its economy.)

The Michigan Advisory Task Force to the UGLRC appears to favor highway construction as a top priority item for regional development, but its early discussions on highways indicate that the Upper Peninsula hasn't made up its mind on the subject. The very people whom the superhighway would aid most — those in the tourism business — are apt to be the strongest opponents.

★ ★ ★

Harold Dettman, St. Ignace motel operator, chairman of the Mackinac County Board of Supervisors and chairman of UPCAP, pointed the problem at a Mackinaw City meeting of the Advisory Task Force.

"Mackinac County," he said "has 68 miles of old U. S. 2. We don't want a turnback of that old road (if a superhighway is built) to snowplow and keep up. Our entire tax base is on U. S. 2. Our businesses have moved out onto this highway and they won't move again. There is no place for them on a limited access highway. It would only build up St. Ignace.

"The Chippewa County Board has asked for multi-lane highways built on present routes. Selfishly, I should be 100 per cent for limited access highway. I could build another 100 units on my motel. But we have a real problem if we change the route and limit access."

Frank Hoholik of Manistique said all the Peninsula's efforts at growth come back to transportation and that U. S. 2 and U. S. 41 are now at saturation point in the summer.

A master plan for U. P. highways is our need. Until we have it we're treading water in tourism.

"I Have a Wonderful Idea---"

Your Child's Teeth Need Daily Care

This is National Children's Dental Health Week, reminding parents that their children's teeth are a precious element in their health and merit care.

Some often-asked questions about child teeth care are answered here by the American Dental Association.

"I recently took my three-year-old child to the dentist for the first time. The dentist told me that my child has badly decayed teeth. What caused this? I thought very young children didn't get decay."

As soon as teeth erupt into the mouth, they are exposed to decay-causing attacks by acids in the mouth, so even very young children can have decayed teeth. It is at this time that the teeth are most susceptible to decay. The important thing to remember is to protect your child by keeping his sweet intake down, because sweets are the leading cause of decay — in any age group.

Very young children often have badly decayed teeth because they were fed sweetened milk or other sweet substances for prolonged periods of time. There is a causal relationship between sugar and dental decay. Candy, especially sticky types such as caramel, is harmful to the teeth.

Care of your child's teeth should begin early in his life. Train him early to limit sweets. Often, wise parents establish a once-a-week candy treat routine for their children, giving them sweets — in small amounts — on Sunday perhaps.

Parents should teach their children to brush their teeth right after eating meals, even snacks. And parents should prepare their children for professional care at about age 2½ or 3, when all the primary teeth have erupted.

Fluoridation is the most effective method known to modern dental science for the prevention of dental decay. Children who live in areas where there is fluoride in the water — like Escanaba — have approximately 65 per cent less decay than children who live in nonfluoride areas.

"Why does my dentist feel that baby teeth are so important? He sees my son regularly and seems to spend more time working on his teeth than on mine. I thought adult teeth were more important?"

Certainly, permanent teeth are more important since they must last the remainder of your life. But primary teeth are important, too, because they save space for the permanent dentition.

One of the reasons your dentist may be spending more time on your son's dental care is because he knows this will help assure that the permanent teeth erupt in a healthy condition. In any type of dental treatment, the dentist's first concern is to save teeth whenever possible.

Many cases of poor bite, crooked teeth and an unhealthy mouth originate in childhood, simply because a child did not have his primary teeth properly cared for.

"Some of my daughter's teeth are coming in crooked and pushing her remaining baby teeth out of line. My dentist tells me I should consult an orthodontist, but I feel it would be easier simply to have the dentist pull all my daughter's baby teeth out, since they'll be replaced soon by permanent teeth. Isn't this easier in the long run?"

Emphatically, no! Baby teeth are extremely important to the shape of the child's mouth because they save appropriate space for the permanent teeth. If all your child's first teeth were to be pulled, the permanent teeth already erupted would begin to shift into the unused space. And, as the later permanent teeth erupt, this would lead to more mal-alignment.

Follow your dentist's advice and consult an orthodontist.

"I've seen recent newspaper articles that say our nation's dental health is "deplorable." Surely in our healthy society, this can't be true, can it? I know my teeth are in better condition than my parents' and I'm certain my children's dental health will be better than mine. Aren't most people more concerned about dental health today?

While people know more about dentistry and dental health today than they did, we still have a long way to go to make our nation truly dentally healthy.

By age two, about 50 per cent of all children have some decayed teeth.

Studies indicate that some 50 per cent of the nation's children are in need of some type of orthodontic treatment.

Inflammation of the gums — called gingivitis — occurs in a major portion of the child population. This disease, if untreated, will lead to more serious gum problems in adult years.

The greatest reason for this poor record in children's dental health is simple: about one-half of the children under 15 years of age never have routine dental treatment or brush their teeth properly, and this number rises considerably in rural or low income areas.

Although low income does play a significant part in dental treatment, about 40 per cent of the children in families with incomes of $4,000 or more have not received dental care. So there are other factors, such as lack of motivation and inadequate dental health education, which account for the poor dental health of many children — and adults.

Cancer?

"I am a heavy smoker, and my dentist has warned me that I'm a possible candidate for cancer of the mouth. I am trying to stop smoking, but it's difficult, so I'm cutting down gradually. Is there any way a dentist can tell if a patient has mouth cancer, or should I check with my family physician?"

If your dentist is concerned that you may develop oral cancer, he will, of course, perform a thorough examination of your mouth. In the past few years, dentists have been using a simple smear test to check for possible cancer on abnormal appearing areas in the mouth. This test is called oral cytology.

If your dentist observes an abnormal area in the mouth, which can yield cells for examination, he may take a relatively painless smear of the area for microscopic study. If the examination finds any suspicious cells — indicative of cancer — he will recommend a biopsy. The biopsy may determine whether or not the lesion is malignant. If it should be cancerous or pre-cancerous, treatment will be instituted.

	SOUTH ♠ A Q 10 8 7 6 5 3 ♥ J 3 2 ♦ A ♣ 5	

Both vulnerable

West	North	East	South
	Pass	Pass	4 ♠
Pass	Pass	Pass	

Opening lead—♦ K

Today's hand has appeared in print many times before. It was played by Belladonna at the European championships at Ostend in 1965 and is really on of the classic safety plays of all time.

He was third hand and reached four spades the same way everyone else did. He ruffed the opening diamond lead and led a heart to dummy's king. East won with the ace and returned a trump whereupon there was no way to avoid the loss of three heart tricks and the king of trumps.

How did Belladonna make the contract?

It isn't easy to see when you look at all the cards, but he handled it with ease. At trick two he entered dummy with the ace of clubs and played the four of hearts. West won with the queen but could do nothing better than to lead a club. Belladonna ruffed and played a second heart. East was in with the ace and led a trump, but Belladonna rose with the ace, ruffed his last heart and conceded a trick to the king of spades.

It doesn't look like much of a play from here, but just see how effective it was and how sure it was. Suppose for example that East held the queen of hearts. If he ducked with it, the jack would either hold the trick or force the ace; if he rose with it, Belladonna would be left with the jack in his hand and the king in dummy and would have no way to lose two more heart tricks.

Of course, Belladonna's play might have cost him an overtrick in the event that West held the ace of hearts, but the Italians always play for the contract and treat overtricks as just a pleasant luxury.

♥♠CARD Sense♦♣

Q—The bidding has been:

West	North	East	South
	2 ♦	Pass	2 N.T.
Pass	3 ♣	Pass	?

You, South, hold:

♠3 2 ♥K Q J 10 9 7 5 ♦6 2 ♣8 5

What do you do now?

A—Bid four hearts. This will tell partner that you can play in hearts even if he doesn't have one heart in his hand.

TODAY'S QUESTION

You bid four hearts and your partner bids four spades. What do you do now?

Answer Tomorrow

Leaky Old Capitol In Lansing May Get A New Roof

LANSING (AP) — Michigan's leaky old Capitol Building may get a new roof this summer, to the immense relief of the Republican lawmakers on the building's top floor, state budget officials say.

"We'd like to see it done," said John Gafner, property management chief of the State Department of Administration. "It's something that should have been done a long time ago."

Gafner's boss, Administration Director George Washington, has requested a $50,000 work order for a complete new roof on the 89-year-old structure.

But whether to rip off the existing roof and put on a new one, or just put a less costly "cap" on the present leaky surface, will be up to the State Administrative Board, which meets next Feb. 20.

That decision might hinge on the outcome of a present study, by the Legislature's Joint Capital Outlay subcommittee, of the question of a new State Capitol Building.

Unemployment Rate Dips To 15-Year Low

WASHINGTON (AP) — The nation's unemployment rate dropped to 3.5 per cent last month, the lowest level in almost 15 years, the Labor Department reports.

Total employment at 73.3 million was at an all-time high for January and up 1.1 million from a year earlier, the Bureau of Labor Statistics said.

The drop in the jobless rate from 3.7 per cent of the civilian labor force in December was due largely to a greater than usual decline in the number of women seeking work, Commissioner Arthur M. Ross reported.

No More Checks

DENVER, Colo. (AP) — It's cash on the line now for a marriage license in Denver—no more checks. Officials said they've been getting too many bad checks. The $3 fee hasn't changed since 1891.

DYING LAKE

The worst problem that Lake Michigan is facing is nutrient pollution.

Even the best waste treatment plant does not return pure water back to the streams and lakes. Treatment plants simply reduce sewage into non-toxic chemicals.

And back into the lake goes nitrogen, phosphates and potash—a combination that any home gardener recognizes as a superb fertilizer.

This fertilizer generates a great algae growth, first in the waters along the shore and finally deeper and deeper into the lake—an algae growth that is already beginning to slime the beaches of western Michigan.

Overabundant algae carries two dangers: it can make beaches unpleasant for bathing and, in dying and rotting in the water, it begins to soak up oxygen needed to sustain fish.

☆ ☆ ☆

Glacial lakes, like Michigan, begin with water as pure as desert sand—and just as sterile. Little by little, nutrients dribble in, allowing plant and fish life. As more nutrients come in, algae eventually overpower a lake. It fills up with dead plant life and other sediment, eventually turning into a swamp.

Understand that even at the present fertilization rate, Lake Michigan will not be a swamp for many thousands of years. But the fact remains that we have done more to age the lake in the past 20 years than nature could have done in the next 1,000.

And anyone who is not impressed with man's ability to destroy a large body of water need only study Lake Erie.

In Lake Michigan, we must first of all stop the toxic wastes —raw sewage, oil spills, garbage, etc. We are making progress here although it's not easy—and it's not inexpensive.

☆ ☆ ☆

Secondly, if we are to slow down the aging process, we must cut down on non-toxic nutrients. It's unlikely we can ever fully remove all three of the chemical elements that make up fertilizer, but that's not really necessary.

If we remove just one—the phosphates — then the other two, nitrogen and potash, will lose much of their effect. A consistently effective way to take phosphates out of treated sewage has not yet been found but scientists are getting close.

When we do get a workable system, it will mean a new round of sewage treatment construction, new local taxes, new federal appropriations, new problems for industry, new political debates on the virtues of economy.

Philip A. Hart
U.S. Senator

Ann Landers

Egg Squeeze Used To Fight Tempers

Dear Ann Landers: After reading the letter from the father who went to the hardware store and bought a rubber barrel for his kids to kick when they got mad, I decided to tell you how we handled the problem in our family.

We had three young boys to raise and anyone with children knows that hardly a day passes that somebody doesn't get mad. Most of the scraps were minor but every now and then a temper would reach the boiling point. So we made a rule: Anyone who was really angry went to the refrigerator, got an egg and took a walk. He then tried to squeeze the egg in the palm of his hand, trying as hard as he could to break it.

Well, Ann, it is nearly impossible to break an egg this way. Pretty soon the squeezer felt awfully foolish. Can you imagine venting all that anger on an egg and not being able to break it? If the ill will wasn't completely dissipated by the time the person got to the big oak tree on the far side of our lot, he was allowed to throw the egg against the tree. If the anger WAS gone, the egg went back in the refrigerator.

We raised three wonderful boys, Ann, and we lost very few eggs. — HEN'S FRIEND

Dear Friend: What a wonderful story. Frankly I was suspicious so I went to the refrigerator and got an egg and tried to break it by squeezing it in the palm of my hand. You were right, I couldn't do it. The things I learn from my readers!

★ ★ ★

Dear Ann Landers: Four of us women have been playing bridge together for many years. One of the ladies is a darling but her hearing has been getting worse and now I suspect she is as deaf as a post.

Last week the three of us spent most of the afternoon repeating and shouting. This dear lady was playing in a manner which indicated that she did not hear the bidding and she was not aware of what was trump.

We hate to hurt her feelings but it is no longer pleasant to play cards with her. What should be done? — MIXED DEAL

Dear Mixed: One of you kind ladies should take your dear friend aside and tell her that her deafness is apparent and she should see a doctor and learn what can be done about it. There are many excellent hearing aids on the market which could possibly give this woman a new lease on life. Do suggest it. It would be an act of kindness.

★ ★ ★

Dear Ann Landers: I am a boy 17 who has a real tough problem. I like a certain girl but have never had the nerve to ask her out because I have a terrible case of acne and I don't think I should impose myself on a girl.

Last week the girl I like asked me to a benefit dance. Her mother is chairman and they had some extra tickets. I accepted and was really excited about going at first but now I am wondering if I am being fair to her. Honestly, Ann, my face is such a mess it's enough to make a person sick.

Do you think maybe she asked me because she feels sorry for me? Help me see this thing for what it is. — CONFUSED OF N. H. S.

Dear N. H. S.: Most kids who have acne imagine they look a lot worse than they actually do. It could be that the girl hasn't given your acne a thought.

I hope you will go to a skin specialist and follow his instructions. In the last few years the doctors have discovered very good techniques for controlling and curing acne. Get moving and good luck, fella.

Honor Students Are Announced

A total of 44 Gladstone High School students were listed on the first semester honor roll announced today by Principal John Norton.

The list included 10 seniors, five juniors, 20 sophomores and nine freshmen. All had grades of B or better.

The honor roll:

Senior Class - Scott Apelgren, Loretta Delveaux, Dianne Farrell, Tara Malnor, Beverly Martin, Dan Pepin, Eloise Pickard, Julie Sargent, Kathleen Utt, Connie Williams;

Junior Class - Ralph Dollhopf, Jane Hupy, Pamela Ingebrigtsen, Judy Reese, Kristine Sjoquist;

Sophomore Class - Jana Apelgren, Lynn Apelgren, Thomas Becvar, Maurice Boomer, Warren Bovin, Cindy Damitz, James Davis, Gregory Harris, Sharon Jackovich, Christine Johnson, Susan Labre, Laurie Nelson, Deborah Nolan, Margaret Noreus, Linda Norlander, Kristine Rivers, Mark Oja, Richard Salo, Karen Sargent, Julie Williams;

Freshman Class - Suzanne Bolm, Carol Delveaux, Deborah Erickson, Jane Kleiber, Glenna Larson, Jocelyn Lindberg, Christine Raspor, Michael Smith, Mary Valencic.

GLADSTONE

Mid-Winter Has Fishing In Lull

Mid - winter doldrums most aptly describes fishing success throughout the Delta - Marquette-Alger county area with the lone exception of rainbow fishing in Johnson Lake in the Gwinn area and Camp 7 Lake in northeast Delta County where success has been reported as good, the Conservation Department reports.

A goodly number of shanties dot the ice on Gladstone's upper bay, but, while activity has been moderate, success at best in mediocre.

Officer's reports pin-point the following locale by species:

Rainbow: Johnson Lake near Gwinn, Camp 7 Lake in NE Delta County and Ackerman Lake in Alger County. Wigglers, minnows and corn kernels seem to compete equally as preferred bait.

Northern Pike: Round and 18-Mile Lakes and Upper Bay de Noc in Delta County, Miller Lake in the Gwinn area, and Au Train, 16-Mile and Deer Lakes in Alger county, either by spearing, tip-ups or hook and line.

Perch: Au Train Basin in Alger County and Gladstone's upper Bay de Noc on live minnows or wigglers. Thornton Lake in the Munising area also producing some fair to good catches of panfish.

General: Lakes are generally covered with 15 to 20 inches of ice and up to a foot of snow, but, recent warm weather has created some slush and water conditions and in some areas spring-holes have started to open. Caution is the word in these areas.

Valentine Tea At Covenant Church Feb. 10

Women of the Evangelical Covenant Church will present their annual Valentine Tea at the church Saturday beginning at 2:30 p.m. The public is invited to attend.

The program will include a shadow tableau, "Bright Shadows," presented by Mrs. Carl Olson and Kim, Barbie Nyberg, Dale Nyberg and Mrs. Julia Lindgren. Narrators are Mrs. Loren Anderson and Mrs. Harold Apelgren. Mrs. Charles Snyder, accompanied by Mrs. Clifford Goodman, will present a vocal solo, and a flute and violin duet will be presented by Miss Judy Engstrom and Linda Hevala. The Cloverettes will sing several numbers.

In Service

Airman Robert G. Curtis, son of Mr. and Mrs. R. G. Curtis, 1219 Minnesota Ave., Gladstone, has graduated from a U. S. Air Force technical school at Amarillo AFB, Tex. He was trained as a personnel specialist and has been assigned to a unit of the Aerospace Defense Command at Custer Air Force Station, Mich. The airman, a graduate of Oil City, Pa., High School, attended Bergman Art School, Denver.

Obituary

MINNIE SCHRAMM

Funeral services for Minnie Schramm will be held at the Calvary Lutheran Church, Rapid River, at 2 p.m. Saturday with Rev. George A. Olson officiating. Burial will be in Rapid River Cemetery. Friends may call at the family home in Rapid River after 1 p.m. Friday.

Hospital

Mrs. Jesse Smoot, of 614 Dakota Ave., has been dismissed from St. Francis Hospital and is covalescing at her home after surgery.

Miss Lillian Green, Laurie Ave., who fractured her elbow in a fall at her home last week, has returned to her home after having surgery at St. Luke's Hospital in Marquette.

Holdup Foiled; Store Gains $1

ST. JOSEPH, Mo. (AP) — Police foiled a holdup Tuesday night at a supermarket. Two of the three bandits were shot and wounded by police and some $3,000 scattered over the floor of the store and in a parking lot. Wednesday, after all of the money was gathered up, store Manager Jack Meredith said an accounting showed the store gained $1.

Nick Adams Is Taken By Death

LOS ANGELES (AP) — The body of actor Nick Adams was found Wednesday night in an upstairs bedroom of the West Los Angeles home where he lived alone.

The cause of death was tentatively listed as natural. An autopsy was scheduled. Police said there were no marks on the body.

Adams, 36, was the star of television's "The Rebel" several seasons back and appeared in a number of movies.

The actor's lawyer, Ervin Roder, said he climbed through a rear window because the door was locked and found Adams' fully clothed body sprawled on an unmade bed.

Adams and his estranged wife, actress Carol Nugent, became involved in cross divorce suits. For a time Adams had custody of their two children, Allyson, 7, and Jeb Stuart, 6. A date for their divorce trial was pending, Miss Nugent's lawyer said.

The news of his death "upset her extremely," her attorney added.

In the last three years, Adams' career had fallen off, although he made several films abroad. His Hollywood pictures were limited to such movies as "Monster of Terror," "Young Dillinger," and "Frankenstein Conquers the World."

His lawyer said Adams was to film two new movies.

Adams was born July 10, 1931, in Nanticoke, Pa. His father was a coal miner and during the Depression Nick and his brothers were shunted to relatives. His real name was Nicholas Adamchock.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

Library Reports Circulation Rise

The Gladstone School and Public Libary circulated 27,105 articles of printed material from June 1, 1967, to Jan. 31, 1968, according to a report submitted by Mrs. Dorrine Anderson, librarian, to the Gladstone Board of Education.

During the same period a year ago, 24,852 pieces were circulated and two years ago the total circulation was 22,652.

Mrs. Anderson reported that the library has added nearly 1,600 books to its collection since September. Included are about 500 books received under the federal Title I program and about 70 from the Title II program. About 50 books were purchased for the Buckeye school library during the same period.

In January, 336 books were added. Of these, 148 were gifts, according to Mrs. Anderson's report.

Books purchased by the library since September totaled $3,350, including $1,188 spent for books for the public libary, $1,240 for the High School, $202 for the Buckeye school and $798 for th James T. Jones School. Film strips, records and tapes for the Audiovisual program amounted to $278.

The librarian reported the addition of two new services to the public—the Prentice Hall Executive Report, of greatest value to small businesses with tax and economic levels and trends information, and Keesing's Contemporary Archives, a weekly diary of world events in summary form.

IRISH GYPSIES stop for a meal anong road in County Kerry. An estimated 6,000 itinerants wander through Ireland, living off the land. The country's itinerant problem is believed to have stemmed from the 19th century and the black famine when communities took to the roads in search of food and which for some has became a way of life.

It Wasn't Easy:

MSU Scientists Train Monkey To Puff Cigarette

EAST LANSING (AP)—"Abe Lincoln" fought—then switched to smoking up to four cigarettes a day.

Abe is a monkey, a cute little guy with a curly white beard and a starring role in Michigan State University research aimed at learning more about lung cancer and other diseases linked with smoking.

MSU scientists first tried blowing smoke at Abe through a tube inserted in his cage.

He batted the smoke around, got it in his eyes, stuck out his tongue, shook his head and won the first round.

Today Abe still is no monkey with a monkey on his back.

"It's not addiction or habituation," said Dr. Leo Katz, director of the MSU statistical laboratory and one of four men working on the project.

"He won't light up a cigarette on his own."

Heavy Smoker

Abe will, however, puff up to four cigarettes a day, the equivalent of heavy smoking in a human.

Scientists won the second round by teaching Abe to suck on a tube to get water. When he'd suck, he'd get water through the tube and water poured into a little pan in his cage.

Gradually scientists diminished the amount of water Abe got through the tube, but continued to fill his water pan when he sucked the tube.

When Abe finally associated sucking with getting a full pan of water, they stuck a cigarette in the tube.

"Abe knows to get water he just rushes over and puffs," Katz said, adding, "He doesn't like the smoke at all, but he knows he has to take that to get water."

Doesn't Inhale

Abe doesn't puff, inhale, then blow the smoke out like human smokers, explained Robert LaFollette, a doctoral candidate working with Katz.

"But if you look closely, you can see a little of the smoke leaking out the sides of his mouth."

Katz and LaFollette consider Abe a successful monkey-smoker, but, "We're having a little difficulty with the second class," Katz said.

Buster, Betty and Basil — three recent additions to the MSU monkey family—are not learning to switch.

"Buster and Betty will suck in on the tube," LaFollette said, "but they haven't yet connected the sucking with getting water in the pan. And Buster doesn't even suck very well."

LaFollette said he couldn't predict success with the three Bs, but added that work would continue.

For Comparisons

What good is a smoking monkey?

"We're trying to develop a process to teach monkeys to smoke," Katz explained, "so researchers can go on to the next phase of work: taking a big bunch of monkeys (200-1,000), training them to smoke, pairing them up and arbitrarily assigning one of each pair to be a smoker and one to be a non-smoker."

Scientists then could study the monkey pairs throughout their lifetimes—normally 10-15 years—and note any differences between those that smoked and those that didn't.

"It would be a beginning kind of study," Katz said. "But they would have a measured effect. They might be able to say that smoking shortened or lengthened the life of those little monkeys by so much."

May Test Filter

Katz suggested also that any new ideas in cigarette manufacturing—different kinds of filters, new chemicals used in the cigarette, etc.—might be tested on smoking monkeys before being given to smoking people.

Tests for nicotine content already are being made on Abe's blood, Katz said.

He added that he expects MSU's part in this research, supported by the Council of Tobacco Research of New York, would be completed by June. MSU researchers probably would consult with whoever continued the work, he said.

Working with Katz and LaFollette on the smoking project were Drs. Stanley Ratner and M. Ray Denny, both psychology professors. Denny currently is on leave and Ratner teaches at Beloit (Wis.) College. He plans to return to MSU in the fall.

Traffic Death Rate Is Down

CHICAGO (AP) — Traffic accidents killed 53,000 persons last year, matching the 1966 toll, but an increase in travel resulted in a lower death rate for distance covered.

In announcing this today, Howard Pyle, president of the National Safety Council, said, "these 1967 traffic statistics support our conviction that the traffic loss of lives and dollars on the highways is an unnecessary expense that the nation can control."

The cost of the 1967 accidents was estimated at $11 billion.

Deaths in December totaled 5,210, up 3 per cent from the 5,040 killed in December 1966.

The 1967 rate was 5.5 fatalities per 100 million vehicle miles, a 4 per cent decrease from the 1966 rate of 5.7 deaths. The record low of 5.2 deaths per 100 million vehicle miles was set in 1961. In 1957 the rate was 6.

Mileage traveled in 1967 rose to 970 billion from 930.5 billion in 1966, an increase of 4 per cent.

The council estimated that traffic accidents caused 1.9 million disabling injuries last year in addition to the deaths.

No Candidates

CAUSEY, N.M. (AP) — The filing deadline for the March 5 election of municipal officers has passed and no one threw a hat in the ring. Village Clerk Mollie Parnell said an election will be held anyway to give voters a chance to write in names.

AM Uncertain About Future

DETROIT (AP) — With the first profitable financial quarter in 1½ years behind American Motors Corp., the firm's board chairman Roy Chapin Jr. declines to predict whether AMC will stay in the black this quarter.

Chapin told stockholders Wednesday AMC's net earnings for the quarter which ended Dec. 31 were $4.488 million. He said, however, he was certain that AMC's finances this quarter would be a "very substantial improvement" over the same quarter in 1967.

Then, AMC lost $21.599 million.

AMC, the only U.S. automaker that has not reached a new national contract with the United Auto Workers, had net earnings during the last quarter of 23 cents a share.

This was compared with a net loss of $8.460 million or 44 cents a share for the same quarter a year ago.

Chapin said legislation added another $19.2 million in nonrecurring tax rebates during the quarter just ended.

AMC has been negotiating a new national contract with the UAW in bargaining sessions in Detroit but sources said they remained far apart on a new agreement.

Chapin also refused to say whether he expected AMC to wind up the year with a profit, explaining that "so many things could happen between now and Sept. 30."

Once written off in some financial circles as on the verge of collapse, American Motors bounced back out of the red after revamping its operations under new management. It lost $75.814 million in fiscal 1967.

In other developments Wednesday, General Motors Corp. recalled another 14,900 employes to work. A GM spokesman said 39,950 remained out of work Wednesday in the wake of parts shortages from strikes, now settled, at three foundries.

Pictured Rocks Advisors Hold Meeting Monday

WASHINGTON (AP) — The new Pictured Rocks National Lakeshore Advisory Commission will hold its first meeting here Monday, Secretary of the Interior Stewart L. Udall has announced.

Udall will present certificates of appointment and outline the commission goals to the five recently appointed members, all from Michigan.

The meeting will include presentation of the master plan for the lakeshore, which extends about 39 miles along the south shore of Lake Michigan on the Upper Peninsula of Michigan.

The commission members, all serving two - year terms, are John P. Farrell, chairman, associate professor at Northern Michigan University, Marquette; Glenn C. Gregg, Lansing, state deputy director of recreation; David C. West, Munising, of the Forest Products Division of Cleveland-Cliffs Iron Ore Co., and Leo R. Gariepy, Munising, and Vino Mixon, Grand Rapids, both representing Alger County.

Ore Consumption Shrinks In 1967

CLEVELAND, Ohio (AP) — Iron ore receipts and consumption at iron and steel plants in the United States and Canada increased last December compared to December, 1966, the American Iron Ore Association reported Wednesday.

Receipts totaled 7,403,925 gross tons compared to 7,075,073 tons in December, 1966. Recepits for the year, however, dropped to 127,823,408 tons compared to 137,800,490 tons in 1966.

Ore consumption last December totaled 11,907,136 tons compared to 10,905,428 tons in the corresponding month of 1966. Consumption for 1967 totaled 127,777,342 tons compared to 137,057,497 tons in the previous year.

Ore inventory at the plants at the end of December totaled 58,871,884 tons compared to 58,723,867 tons on Dec. 31, 1966.

Michigan Bell Sells Debentures

NEW YORK (AP)—Michigan Bell Telephone Co. accepted Wednesday a bid of 99.909 for the purchase of $125 million of 37-year debentures due Feb. 1, 2005.

The interest rate was set at 6⅜ per cent.

Morgan Stanley & Co. represented the successful bidders.

Proceeds of the issue are to be used to repay advances from the parent American Telephone & Telegraph Co.

How Much De We Really Know About Vitamins?

This week, let's look at a misconception many people have concerning vitamins. Because most of our vitamins are obtained from food, some people look upon vitamins as a type of food. On the other hand, food is a material providing heat energy, counted in terms of calories, for vital body processes. Vitamins do not contain calories, therefore, they are not food.

There are, however, many different vitamins, and each vitamin is used for special purposes by the human body. The requirements for certain vitamins are enormously changed during certain periods of life.

To find out if you are getting your required amount of vitamins ask your doctor. Don't take it upon yourself to experiment. Then stop in at GROOS DRUG STORE . . . 1007 Ludington St. for the prescribed vitamin . . . or have your doctor Phone ST 6-3552.

'Unsinkable Molly Brown' To Be Staged

On March 2, 3, 4, and 5, the Holy Name Drama Club will present, "The Unsinkable Molly Brown," an American legend. The play is based on the book by Richard Morris and the lyrics and music are by Meredith Wilson.

The double-cast leads include Toni Erickson and Pat Ann Peck as Molly, with Greg Gerou and Dan Snow protraying her husband, Johnny Brown.

The story is about a young girl who leaves her home in search of happiness. To Molly, though, happiness depends on money. Despite this belief, she marries Johnny Brown, a poor miner of Leadville, Colo.

After a short time, he becomes the wealthiest miner in the state and they move to a prominent neighborhood in Denver. Here they struggle to be accepted by the "beautiful people of Denver," and when they fail, they decide to go to Europe to brush up on their manners. Here they are more than favorably accepted and Molly invites her new friends to return to Denver with them.

On their return, Molly has a party to impress her snobbish neighbors. But as luck would have it, some of the rough crowd from Johnny's home town attend and what begins as a refined social gathering turns into a brawl.

Again Molly leaves for Europe—this time unaccompanied by Johnny, who refused to try to crash high society and returns to Leadville.

After spending some time there, Molly becomes bored with life as she is living it and returns to the United States aboard the S.S. Titanic. Despite the fact that the ship goes down, the unsinkable Molly escapes in a life boat and returns to Denver where Johnny is waiting for her.

The 100 member cast is directed by Brother Christopher, assisted by Sister Henrianne. Mrs. Donald LeMire in charge of the music, is assisted by Brother Anthony and Mary Priniski. Mrs. Lyle LaCaptain is the choreographer.

Valentine Card Party Tuesday

R. C. Hathaway Chapter 49, OES is sponsoring a Valentine Card party, Tuesday, Feb. 13 at 7:30 p.m. at the Masonic Temple. Dessert will be served and a prize will be awarded at each table. The public is invited.

Eastern Star officers are in charge of the dessert and prizes and all officers helping in the kitchen are to be at the temple at 6:45 p.m. Tuesday.

What's ottoman? That's a question many women are asking this fall as they scan the fashion pages and see the word turning up again and again. The confusion arises from the fact that ottoman is also a kind of sofa. But, as a fabric, ottoman is a corded silk or rayon fabric with large cotton cord for filling. Ottoman is favored by designers for garments with little detail, since its cording provides textural interest.

MR. AND MRS. EARL RUSHING of Granite City, Ill., announce the engagement of their daughter Judy to Russell Dees, son of Mrs. Ella Magnuson of Rock. The bride-elect is a 1965 graduate of the Granite High School and is presently employed as an engineer data clerk at the Granite City Army Depot. Her fiance is a 1962 graduate of Rock High School, attended Northern Michigan University and is presently attending Carthage College in Kenosha, Wis., and is also employed by Abbott Laboratories in North Chicago. A March 9 wedding is planned.

Hints from Heloise

Dear Heloise:

I'm a newlywed and wash a lot of my clothes by hand. I've discovered something handy I would like to pass on.

Instead of scrubbing the badly soiled areas of clothes between my hands and scratching up the skin, I've found that a plastic scouring pad works great for this. Just use it to rub against the grain and with the grain of the fabric.

Much easier and saves a lot of time.

Mrs. James Watson

★ ★ ★

Dear Heloise:

Good gardening tools are expensive, so let's take care of them.

Leave a jar of steel wool pads on the work bench in the garage or tool shed so you can clean those tools before putting them away for the season.

For protection, small tools can be wrapped in aluminum foil or heavy vinyl before storing.

Eleanora Valle

★ ★ ★

Letters Of Laughter

Dear Heloise:

I had been intending to try your hint for removing some spots and scratches from my furniture with mayonnaise and finally did.

After applying a generous coat of it to a low chest, I left the room for another cloth.

I returned to find our beloved cat happily licking the mayonnaise from the chest!

Although I was alone and had no one to share the funny experience with, I sat on the floor and laughed while I watched him finish your delicacy!

Mary Lou Nave

Births

MURPHY — Mr. and Mrs. James M. Murphy Sr. of 1011 3rd Ave. N. are the parents of a son, James Michael Jr., weighing 11 pounds born at 11:45 a.m. on Feb. 7. The mother is the former Therese Derusha.

STASEWICH — A son, David Allen, weighing 9 pounds and 6 ounces was born to Mr. and Mrs. Robert J. Stasewich of 101 S. 2nd St., Wells at 2:18 a.m. on Feb. 8. Mrs. Stasewich was Mary Ann Olson.

Isabella

Mr. and Mrs. John Moberg of Detroit are spending a two week vacation at the home of Mrs. Moberg's parents, Mr. and Mrs. Arvid Sundin and also at the home of her sister, Mrs. Al Asplund at Cunard.

Mrs. Lida Hynes has been dismissed from St. Luke's Hospital at Marquette and is recuperating at the home of her sister, Mrs. Raymond Nedeau.

Mrs. Emily Larson is visiting at Bark River at the home of her daughter Mrs. Elroy Palmgren.

HURLEY'S
Secrets of Beauty

If you are trying to choose between nylon and natural bristle brushes for your hair, it is safe to say you will never go wrong with the latter. Being hair, natural bristles are more compatible to your own. Then, too, their resiliency towards breaking and split ends, and they hold moisture.

A little more costly initially, natural bristles with proper care could very well last a lifetime. Wipe bristles clean with a towel, remove loose hair from the tufts and make it a practice to wash your brush as regularly as you shampoo your hair.

Make it a practice also, to rely on HURLEY'S HAIR FASHIONS for pert, perky permanents certain to give your spirits a lift. Why not make your appointment today? Phone 786-0663 . . . 111 No. 9th is our location.

TIP OF THE WEEK:

After washing a brush, dry in the open air at room temperature.

Women's Activities

'Skill Shop' Set Saturday In Menominee

A series of "Skill Shops" for the benefit of Lutheran Church in America Sunday School teachers is being conducted in the area by the Parish Education committee of the Wisconsin-Upper Michigan Synod. The workshops will be conducted principally for the benefit of teachers of kindergarten, grades 1-2, and 3-6.

Leaders of the workshops are trained staff members from the LCA Board of Parish Education in Philadelphia. The staff members are the Rev. Paul Cornell, Miss Sara L. Markle, and Miss Ruth Swanson.

Films of actual class situations will assist the workshop participants to evaluate their work and plan how to become more effective in their teaching.

The Skill Shop of interest to LCA Sunday School teachers in this area will be held at Bethel Lutheran Church, 1309 14th Ave., Menominee, Saturday, Feb. 10, from 2 to 5 p.m.

No pre-registration is required by teachers and other interested persons wishing to attend. The Skill Shop will last approximately three hours. Further information is available from LCA ministers in the area. Visitors from other denominations are welcome to attend the workshop.

People

Mrs. Thomas Truitt of Albany, New York, is visiting with Mr. and Mrs. John F. Maki of Kipling.

Mr. and Mrs. Alfred Derusha

Alfred Derushas To Mark 55 Years Friday

Mr. and Mrs. Alfred Derusha of Escanaba will celebrate their 55th wedding anniversary Friday, Feb. 16 with a high Mass at 9:30 a.m. at St. Anne's Church.

An open house will be held at their residence, 119 N. 10th St. from 4 to 8 p.m. and all relatives and friends are invited to attend.

Mr. and Mrs. Derusha were married on Feb. 16, 1913 at St. Anne's Church by the Rev. Blin. Attending the couple were Alex Derusha (deceased) and Mrs. Joseph LaChance, a sister of Mrs. Derusha.

They are the parents of eight children, Arthur Derusha, Marie Gagnier, Mrs. John (Irene) Parins, Mrs. Louis (Evelyn) Richards, Mrs. Nick (Theresa) Gerish of Escanaba, Mrs. John (Lillian) Kassick of Chicago; Mrs. Donald (Loretta) Connelly, Calumet City, Ill. Another daughter, Mrs. James (Gladys) Hahn, died in 1946.

They also have 17 grandchildren and 11 great grandchildren.

Garden Peninsula

Grady Steele of Clarkston is spending a week visiting at the Louis Farley home in Kates Bay.

Hospital

Mrs. Ossie Hazen, is a patient in the Schoolcraft Memorial Hospital. Her room is 28 B.

Wallace LaTulip was released from the Schoolcraft Memorial Hospital on Sunday, Feb. 4. He underwent surgery a month ago.

Mrs. LeRoy Winter has returned to her home after visiting in Lansing and with her daughter and family, Mr. and Mrs. Kenneth Bare of Paw Paw, Mich.

Mr. and Mrs. Louis Farley of Kates Bay and Grady Steele of Clarkston left Wednesday, Feb. 7, for an extended trip to Clarkston where they will visit with Mr. and Mrs. Grady Steele, and to Muskegon where they will visit with Mr. and Mrs. Andy Tatrow and family and other relatives in the lower peninsula.

Wells

Mr. and Mrs. Gaylord Blake returned from Defiance, Oho where they attended funeral services for Mr. Blake's mother, Mrs. Blanche Blake who died suddenly on Jan. 25. Funeral services were held on Jan. 29 and burial was in Woodlawn Cemetery, Deshler, Ohio.

Mr. and Mrs. Clarence Wright returned home after spending some time in Neenah, Wis. visiting with their daughter and son-in-law, Mr. and Mrs. Duane Schimmel.

Mr. and Mrs. Ray Rabideau of Alpena spent several days with Mr. and Mrs. Joe Bussineau.

Turn the mixture for tomato aspic into small ring-shaped molds; chill until set. Unmold, surround with salad greens and fill the center with cream-style cottage cheese mixed with chives. Garnish with green olives.

Fairport

Spec. 4 Dewey Gierke is enjoying a 26 day furlough at the home of his parents, Mr. and Mrs. Howard Gierke of Fairport. He had been stationed at the Yuma Proving Grounds in Yuma, Ariz., and will return there after his furlough for overseas assignment.

Sgt. Jan Farley is enjoying a 26 day furlough with his parents, Mr. and Mrs. Orville Farley of Fairport. Jan spent 12 months in Thailand and will report to Fort Erwin, Calif., after his furlough. He will receive his discharge on May 4.

Community Club

The Fairport Community Club met Tuesday evening, Feb. 6, at the Fayette Town Hall. After the business meeting a social evening was enjoyed. Prizes were awarded to Sharon Seaman, Orville Farley, William Ward and Beaulah Gauthier. The next meeting will be March 5 at the hall.

Shirley Peterson of Flint is visiting at the home of her parents, Mr. and Mrs. Hector Peterson of Fairport.

Births

LAYNE — Mr. and Mrs. Ken Layne of Downey, Calif. are the parents of a son born on Feb. 6 The infant weighed 8 pounds and 4 ounces and has been named Richard Brian. Mrs. Layne is the former Peggy McMahon, daughter of Mr. and Mrs. Emil McMahon, former residents of Bark River.

Hermansville

Legion Meeting

Julius Haelterman and Woodrow Trudell will give a report on the mid-winter conference held at Kingsford last weekend to members of the Floriano Legion Post at their regular meeting tonight in the Legion club rooms. The post will also make plans for observance of the Legion's 49th birthday celebration.

Rockefeller Will Bolster Romney

MANCHESTER, N.H. (AP)— Gov. Nelson A. Rockefeller of New York may be enlisted to come to New Hampshire to aid George Romney's campaign for the season - opening presidential primary.

Romney strategists are discussing now the potential benefits — and the possible drawbacks — of a personal campaign assist from the Michigan governor's top ally.

"If we come up with something reasonable, he'll do it," said Leonard W. Hall, chairman of the national organization seeking the Republican presidential nomination for Romney. "It's as simple as that."

Trip In March

One plan under consideration would seek a Rockefeller trip to New Hampshire, probably in March, to disavow the 10 Republicans running for seats at the GOP national convention as delegates favoring the New Yorker.

There are two phases to the New Hampshire primary on March 12 — the presidential preference poll, for which Romney and former Vice President Richard M. Nixon are campaigning, and the election of eight New Hampshire delegates to the Republican national convention at Miami Beach. Pledged slates of delegates will be entered by Saturday for Romney and Nixon. That designation requires candidate approval.

But anyone can run as a delegate favorable to the nomination of any prospective candidate, without the candidate's consent.

Write - in votes for Rockefeller also could cut into the Romney vote in the preferential poll.

One Romney campaign source said a Rockefeller visit to New Hampshire would be designed to discourage both kinds of voting.

Discourage Write-In

"Whatever Rockefeller can do to minimize this vote, he'll do it," Hall said.

Romney has said, "Gov. Rockefeller has indicated as thoroughly as the English language will permit him to indicate that he's not going to be a candidate, that he doesn't want to be president."

Rockefeller already has been to New Hampshire once during the current campaign to declare his support for Romney.

Romney returned to Michigan today after a three-day installment of the primary campaign he will resume next Wednesday. His wife, Lenore, is still touring the state.

The Michigan governor made his final appearance before some 600 people, most of them students, at St. Anselm's College in Manchester, with a speech challenging President Johnson's credibility and administration policy in Vietnam.

He flies to Milwaukee tonight for a day of campaigning for the April 2 Wisconsin primary, then moves on to Nebraska, site of the third major primary contest.

Gun Explodes, Youth Injured

A 16-year-old Soo Hill boy was reported in "fairly good" condition at St. Francis Hospital this morning after his left hand was injured in a gunshot accident Wednesday.

State Police said Dale LeDuc was wounded with a .22 caliber bullet when the rifle he was target shooting exploded. ploded.

Officers said the bullet passed through the base of his thumb on his left hand, severing tendons and chipping the bone. The accident happened near the boy's home.

He told officers he had fired the gun once and that it exploded on his second shot. Officers said the reason the gun exploded has not been determined.

May Be Start Of Red Push To China Sea

(Continued From Page One)

defenders knocked out five of them with recoilless rifles and grenades thrown into their hatches. But after talking things over in Khe Sanh, the surviving Americans agreed there were 10 tanks and they got seven.

Russian Tanks

First reports of the battle also identified the tank as the Russian T34, but U.S. officers reported today that an aerial photograph showed they were the Russian PT76, a lighter World War II tank which weighs 15.4 tons and carries a 76mm cannon and a 7.6mm machine gun.

Elsewhere in the northern part of South Vietnam, U.S. Marines pushed their drive through the streets of Hue, the old imperial capital on the coast, battling Communist troops in the south and southwest sections of the city for the 10th day.

South Vietnamese troops, trying to clear the southwest corner of the walled citadel across the Perfume River, were still meeting stiff resistance. South Vietnamese headquarters said the enemy troops inside the citadel may have been reinforced.

Fight In Saigon

Scattered street fighting continued in several sections of Saigon as the Viet Cong guerrillas were reported breaking up into small groups.

The daily allied communiques told of heavy ground fighting up and down the country outside South Vietnam's cities and towns which were the target of the Communists' biggest offensive of the war so far, launched last week.

The U.S. Command said as a result of the Communist assaults in the cities, 24,662 of the enemy had been killed in the nine days from the first attacks Jan. 30 until last night. There were 2,043 allied dead during that period, the command said, including 703 Americans.

The U.S. Command announced that American military strength in South Vietnam passed the half million mark last week for the first time, increasing 6,000 during the week to a total of 500,200. The number of American military men in Southeast Asia involved in the war at close hand has been past the half-million mark for months, since another 35,000 Navy sailors and fliers are operating in Vietnamese waters, bombing North Vietnam from the air and with naval guns, while another 25,000 Air Force men at bases in Thailand are taking part in the air war against the North.

Sheriff Hires Gilbert Larson

Former Conservation officer Gilbert Larson 712 Montana Ave., has been hired as a deputy sheriff by Delta County, Sheriff Harold Finman announced today.

The appointment is effective Monday, Finman said.

Larson, a native of Rock, graduated from Rock High School and attended North Central College, Naperville, Ill., and also Western Michigan University, Kalamazoo.

He joined the Conservation Dept. in 1937 and was employed at Manistique, Chatham, Gwinn, Ewen, Marquette, Trenary, Rock and Gladstone. He has resided in Gladstone for the past 20 years.

He married the former Esther Nyberg of Gladstone and is the father of two children, Mary Ellen, a junior at Central Michigan University, and Gary, a freshman at Bay de Noc Community College.

Larson is a member of the Rock Lions Club and the Rock Community Sportsman's Club. During World War II he served with the 102nd Engineer Forestry Battalion in the southwest Pacific theat.er

Fayette's $100,000 Will Build New Road

BY CLINT DUNATHAN

The Parks Division of the Department of Conservation expects to soon advertise for bids for the construction at Fayette State Park for a new entrance roadway and parking lot to be paid for from a $100-000 appropriation by the Legislature.

The appropriation for the improvement of the "ghost town" park on the Garden Peninsula was sponsored by Einar Erlandsen of Escanba when he was this district's legislative representative.

"The funds are there, earmarked for Fayette, but the planning must be completed before the publication for bids for the work," explained James Kent, Fayette State Park manager. "The funds have not been dispersed elsewhere and Fayette will get it all."

Visitor Center

Construction of a new access road to the park, plus the development of a new parking lot will be financed from the fund. The county road that now passes through the old iron furnace village will be closed off and traffic will be routed over the "short cut" alternate route east of the park.

The parking lot will be located on top of the hill overlooking the townsite, and near the site where the state is planning the construction of a visitor center. The present parking lot within the old town will be closed.

"It is expected that the funds will be sufficient not only to build the new road and the parking lot but also to finance landscaping in the area in preparation for the visitor's center," Kent said.

Start This Summer

The center will overlook the old town which was established by the Jackson Iron Co. 101 years ago. Displays and exhibits in the center will interpret the operation of the charcoal iron smelting industry to visitors before they tour the old structures.

"Publication for bids for the road and parking facility will be made as soon as the planning is completed, and the work is expected to be started this summer," park manager Kent reported.

Fayette was visited by more than 77,000 persons last year and interest in the restoration of the old town brings many return trips by those who want to watch the progress of the work.

Uncover Tunnels

Continuing restoration of the "hot blast oven" in which air was heated before it was introduced into the iron smelters to increase the efficiency of the blast has uncovered a maze of tunnels and passageways, hidden for many years beneath tons of rubble, Kent said. This work, plus restoration of other structures, is scheduled for 1968.

A new administration building outside the townsite is being completed. Interior work is under way this winter.

The Conservation Department from its regional office at Marquette recently announced that $60,545 has been released for improvements to parks in the U. P., including $10,000 for the continuing restoration of Fayette. Honor camp workers from Cusino (prison labor) is employed each summer on the projects there and at other parks.

At Indian Lake State Park near Manistique there are funds released for a third bay parking and boat launch, which will complete the remodeling of the parking area along with an extension of the picnic grounds.

Union Pacific Hit By Strike

By The Associated Press

The Union Pacific Railroad is the latest target for the Brotherhood of Railroad Trainmen in seeking larger train crews through strikes and a court order.

A decision was expected in Lincoln, Neb., today on a brotherhood request for a temporary restraining order against Union Pacific's plan to reduce train crews. Attorney Jack Bardgett of St. Louis, Mo., said i fthe order is not granted in U.S. District Court, the union would have no choice but to withdraw its members from work.

The union struck Missouri Pacific and Texas & Pacific lines Monday night and extended the strike to the seaboard coast line Tuesday.

At MOPAC headquarters in St. Louis, Public Relations Director Harry Hammer said the union was attempting to drag a red herring, the safety issue, through the dialogue surrounding the strike.

The union charged Monday that MOPAC had reduced train crews to the point where the safety of trainmen and the general public was jeopardized and refused to negotiate the issue.

Briefly Told

Escanaba police have issued traffic court notices to Henry A. Pfeiffers, K. I. Sawyer Air Base, careless driving; and to Harry E. Brent, Westmont, Ill., improper backing.

Mrs. Mabel G. Groleau of St. Jacques suffered minor injuries in a traffic accident in Escanaba Wednesday afternoon, city police report. The driver of the other car was Florence M. Richer, 321 S. 13th St., and the accident occurred on slippery streets in the 200 block N. 19th St.

James Casey of Phoenix Lumber & Supply Co. has returned from Bayport, Minn., where he attended a "window workshop" conducted by the Anderson Corp., including a tour of the largest window manufacturing plant in the world, and information on the planning and selection of window units.

A larceny of a stereo tape player and tapes from an automobile owned by Lionel LaFleur, Rte. 1, Gladstone, is under investigation by State Police. The theft occurred sometime Tuesday night or Wednesday morning while the car was parked at LaFleur's home, officers said.

Sixth Grader Has Phone Date With President Friday

TRAVERSE CITY (AP) — Eleven-year-old Brian K. Messinger of Traverse City says he expects President Johnson to call him Friday and explain "why we are in the war in Vietnam."

Brian wants to tell the President "Why I like the way you are handling the Vietnam situation."

The telephone call is the result of a class assignment by Thomas Murow, Brian's sixth grade teacher at Cherry Knoll School in Traverse City. The assignment was for each student to write a letter to the President.

Brian's mother, Mrs. Jerry Messinger, suggested he call the President after the youth discussed the letter with his family.

The call was made Tuesday and a White House aide said he would arrange for the President to call Brian Friday evening. He asked Brian to send the questions to the President in a letter.

The youth went one step further. He added, "I wish you lots of luck with all of your coming problems and lots of luck in this year's election."

Obituary

TONY ARKENS

Funeral services for Tony Arkens were held at 10 a. m. Wednesday at St. Bruno's Church in Nadeau with Rev. Ralph Sterbentz officiating. Burial was in the Nadeau Township Cemetery. Pallbearers were Robert Motto, Matt Otradovec, Ervin Lewis, Joseph and Harvey Arkens and Wilbur Engelbert.

Trial To Test Breathalyzer

Delta County's first court test of Michigan's new "implied consent" law and the breathalyzer unit for testing alcoholic content in a person's bloodstream began this morning.

Robert M. Stropich, 28, of 1607 Stephenson Ave., is charged with driving under the influence of alcohol. He has pleaded innocent.

He was arrested for drunk driving by State Police officers about 3:15 a. m. Sunday, Jan. 7. Breathalyzer test subsequently administered at the State Police Post at Gladstone showed readings above the limits considered as being under the influence.

State Police Troopers Francisco Dion and Richard Karbowski of the Gladstone Post testified that Stropich was arrested in Escanaba after they had observed him driving erratically in making a right turn from Ludington St. onto N. 23rd St. and also in "weaving" from lane to lane.

Prosecuting Attorney Nicholas also was expected to call Col. Donald Williams who administered the breathalyzer tests and Dr. James Howenstine, Lansing, assistant chief of the state crime laboratory, Dept. of Public Health.

Attorney Arthur Neiman of Escanaba is conducting the defense.

A jury of five men and a woman is hearing the case before Municipal Judge James Fitzharris.

Jurors are Ralph Kennelly, 315 N. 18th St.; Mrs. John Sheedlo, 943 Sheridan Rd.; Ben Mannebach, 523 S. 10th St.; Clarence Ehlers, 314 S. 18th St.; John Wicklander, 946 Sheridan Rd., and Chris Nicholson, Lake

Escanaba Hosts U.P. Tax Officials Meet Feb. 13

Specialists in taxation will address the 15th annual Upper Peninsula Conference of Assessing Officers in Escanaba next week.

The conference will be held Tuesday and Wednesday, Feb. 13-14 at the State Office Building and nearby buildings starting Tuesday morning with a lecture on tax valuation concepts by Earl Closser, of Marquette, lecturer in real estate for the University of Michigan.

Other speakers will include Frank Bourke, chairman of the Escanaba Board of Tax Review and manager of area development for Michigan Consolidated Gas Co.; Robert Purnell, director, Michigan State Tax Commission; Robert S. D'Amelio, State Bureau of Local Government Services; Carl Aldrich, State Department of Administration; Vern Gulich, Bureau of Local Government; William E. Dennison, and Roy C. Howes, Michigan State Association of Supervisors, all of Lansing.

Tuesday afternoon of the conference will be featured by five workshop sessions for assessors and boards of review. The topic will be "The Market Approach to Valuation." At the conference dinner on Tuesday evening at the House of Ludington, Frank Bourke will speak on "A Tri-focal Look at Assessing."

The conference will conclude on Wednesday with time being devoted to a discussion of new legislation which includes Tax Commission sales studies, the new plat law, new mineral rights law, and Public Act 142 on errors in assessment. Also on Wednesday morning a new film recently released by the International Association of Assessing Officers entitled "The Search for Equity" will be shown. The conference will adjourn at Noon.

Also participating in the program from the Escanaba area will be Charles Sedenquist, chairman of the Delta County Board of Supervisors; Escanaba Mayor Harold Vanlerberghe; Peter Ross, director of the Delta County Tax Department, and Harold Gustafson, of Ensign, Delta County Board leader.

Harold Peters, director of the Schoolcraft County Tax Department, will also be a participant, says Charles Follo of the University of Michigan Extension Service, which sponsors the conference.

Earl Closser

Frank Bourke

Plane Lost On Flight In Korea

SEOUL (AP) — A U.S. Air Force reconnaissance plane with two men aboard disappeared today on a routine training flight and a search was launched. An American military spokesman said there was no possibility it was lost over North Korea.

The spokesman said South Korean and U.S. planes were looking for the RF4C from Osan Air Force base 30 miles south of Seoul. The plane carrying a pilot and navigator had been dispatched to the Taeguarea about 150 miles southeast of the South Korean capital. It was due back at its base by 1 p.m. (11 p.m. EST).

Meanwhile, American border sentinels thwarted another North Korean attempt to sneak into South Korea Wednesday night in a brief exchange of fire, a U.S. military spokesman said.

Soldiers of the U.S. 2nd Infantry Division spotted an intruder on the western front. They fired several rounds, drew a few rounds and fired back a few more. There were no American casualties and no evidence of any damage to the enemy.

State Pays Tab In Romney Party

(Continued From Page One)

tine check of Senate bills.

The bill included $906.37 for food, liquor and tips at the party, said Vander Laan, of Grand Rapids.

Also included was $141 for photographers, which was to have been paid by a lobbyist, Lockwood said, declining to identify the lobbyist.

Vander Laan said he had been assured by Lawrence Lindemer, a Romney staff member in Washington, that the state would be reimbursed.

Fishing Questioned

Brown and Sen. Stanley Novak, D-Detroit, were accused last week by Sen. John Toepp, R-Cadillac, of making an unauthorized trip to Great Bear Lake in northwestern Canada while serving on a special committee to study Great Lakes fishing problems.

Brown and Novak admitted making the trip, but contend it was authorized by the committee.

Toepp, the committee chairman, has promised to reconvene the committee for a fuller explanation of the fishing controversy.

House Debate Snarls Crackdown On Driver

LANSING (AP)—A bill advocated by Secretary of State James Hare as a weapon against the "accident prone" driver ran into opposition in the House Wednesday, but remained alive and in position for more debate.

A pair of amendments which would have largely removed the key provision of the measure were defeated by narrow margins.

The bill would allow suspending the license of a driver whose accident record indicates to Hare's department that the motorist is "accident prone," even if the driver had fewer than 12 violation points.

Suspension would be allowed if a driver were involved in any accident resulting in death, injury or serious property damage, or if he had driven "in a reckless or negligent manner."

Defeated were proposals by Reps. Hal Ziegler, R-Jackson, and David Serotkin, R-Mount Clemens, which would limit the department's new powers to cases where a driver had been convicted in court of traffic violations involving negligence.

"The fault of a driver," Serotkin said, "should be established in court, and not by some bureaucrat in the secretary of state's office."

Rep. James Heinze, R-Battle Creek, said leaving a driver on the road until he loses a final court action or has a major accident would defeat the purpose of the bill.

Claiming more Michigan residents die in traffic mishaps than in Vietnam, Heinze said: "This is an effort to lock the barn before the horse gets out."

Meanwhile, the House delayed action on a bill broadening the safety inspection powers of the State Labor Department after some members reported a sudden deluge of opposition to the measure.

The Senate-passed bill would allow Labor Department inspectors to check any construction sites for safety violations. The department is now required to investigate only firms with bad safety records.

60 Schools In Fiscal Trouble

DETROIT (AP) — The president of the Detroit Council of Parent - Teacher Associations (P-TA) says at least 60 of Michigan's 740 school districts will face financial problems similar to those which threatened to close suburban Inkster schools come April.

Mrs. Jane Tate made the remarks Tuesday before the 50th anniversary dinner of the Detroit P—TA Council.

At least 51 school districts reported last year deficit operations of at least 10 per cent of their operating budgets.

Inkster school officials said last month that they would have to close because of a lack of money. They have won a reprieve until April with a loan from the city.

Mrs. Tate predicted that when "rescue funds" run out in Inkster, other districts will be in the same dilemma.

She predicted that by the end of the school year, at least 60 districts will apply to the State Board of Education and the Michigan Municipal Finance Commission for permission to borrow for emergency financing.

"I submit that when financial situations as grievous and as widespread as these are repeated year after year, there is something wrong with the system," Mrs. Tate said.

College Board Meets Tonight

The Board of Trustees of Bay de Noc Community College will meet at 7:30 p.m. today in room 10 of the college.

Included on the light agenda is a report on special vocational education for Delta County high school students and a discussion of necessary policies; personnel recommendations; adoption of policies regarding fees of 1968-69 and communications to the college.

Published as a public service in cooperation with The Advertising Council and the International Newspaper Advertising Executives.

Dave Vertanen continues to star for the Suomi College basketball team of Hancock . . . The former Rock and Chassell prep ace scored 37 points and tied the school record with 17 assists to lead the Lions to a 117-94 victory over University of Wisconsin-Marinette Center . . . Freshman Larry Lippens, an All-Upper Peninsula Class D second team choice at Rock last year, drew a starting assignment and responded with 10 points for Suomi . . . Missing from the Suomi lineup this semester is Jon Cameron, 6 foot 3 inch sophomore from Manistique.

★ ★ ★

The steadily improving Negaunee Miners put a stop to Munising's late season surge in the Great Lakes Conference, trimming the Mustangs by a 78-47 margin this week . . . The victory was the fifth in their last six starts for the Miners, coached this season by Dave Hallgren.

★ ★ ★

The Marquette Iron Rangers suffered a double jolt in the United States Hockey League campaign when they bowed to front running Waterloo, 2-1 and 7-2, at the Palestra . . . The double defeat left the Rangers only one point ahead of Green Bay in the battle for second place in the league standings.

★ ★ ★

Coach Don Hill of Hermansville has a potent one-two scoring punch this season in Randy Fochesato and John Whitens, a pair of 5 foot 11 inch, 145 pound senior stars . . . Fochesato is the top scorer in the Big Six conference with 169 points and a 24.1 average in seven games . . . Whitens had climbed into second place with 158 points . . . Fochesato has scored 335 points in all games this season to boost his career total to 1,258.

★ ★ ★

Sophomore Dick Brown of Gwinn wasted a 32 point scoring burst as the Model Towners bowed to Stephenson, 71-63, in a Land O'Lakes Conference tilt . . . The Eagles rallied from a 35-33 halftime deficit with John Gunderson coining 25 points on a dozen field goals and one free throw.

★ ★ ★

Marinette, Escanaba's next cage opponent, dropped its second straight decision after 13 consecutive victories by losing to Wausaukee, 72-71 . . . Bob Bartkowiak matched the all-time Marinette school record by reaching double figures for the 25th straight time. He hit 26 points on nine field goals and eight straight gift shots.

★ ★ ★

Bergland is the latest Upper Peninsula team to join the century club . . . The Vikings pounded Mercer, 101-29, in a Porcupine Mountain Conference game, the first time this season they reached that lofty plateau.

★ ★ ★

Ashland's Oredockers clinched at least a share of the Michigan-Wisconsin Conference championship with a narrow 60-59 decision over Wakefield . . . It marks their first league title since 1950 . . . The victory came on a pair of free throws by Dan Martinson with two seconds remaining in the game.

Puck Difficult To See; Causes Hockey Ruckus

By The Associated Press

Small and elusive, a National Hockey League puck can be difficult to follow.

John McKenzie and the Boston Bruins were certain they had seen it go into the St. Louis net. Al Arbour and the St. Louis Blues would swear it didn't and referee Bob Sloan wasn't exactly sure.

It all happened in a wild third period ruckus during Boston's 6-4 victory over the Blues Wednesday night. In other games, Montreal dropped Philadelphia 4-1, Chicago shaded Toronto 3-2, Pittsburgh turned back Oakland 4-1 and Minnesota overcame Los Angeles 4-2.

Ed Westfall's three-goal hat trick for the Bruins was overshadowed by the lengthy argument precipitated by McKenzie's goal.

The Boston right winger broke down the right side and shot from about 18 feet out. The puck apparently entered the St. Louis net and bounced out. As McKenzie raised his stick in the traditional salute to a goal, St. Louis defenseman Arbour skated off with the puck. The red light signifying a goal never went on and Arbour skated towards the Boston net and beat goalie Ed Johnston.

The Bruins' bench exploded and, led by Coach Harry Sinden, rushed Sloan and goal judge Rich Sweigel. Moments later, Sloan reversed the call, awarding the goal to McKenzie and disallowing Arbour's.

Now the Blues argued and Arbour and Barclay Plager wound up with 10-minute misconduct penalties. Plager also drew a game misconduct. St. Louis fans threw debris on the ice and it took 17 minutes before the game was resumed.

In Montreal, the East Division leading Canadiens whipped Philadelphia, leaders in the expansionist West Division.

Gump Worsley returned to the nets for Montreal and sparked the victory, making several key saves in a scoreless first period. Bobby Rousseau and Ted Harris scored 32 seconds apart in the second period and the Canadiens led the rest of the way.

Rookie Paul Terbenche's third period goal gave Chicago its comeback victory over Toronto and kept the Black Hawks just two points back of Montreal in the East race.

The Hull brothers, Dennis and Bobby, scored second period goals that wiped out an early 2-0 deficit against the Leafs.

Gene Ubriaco collected a pair of goals in triggering Pittsburgh's victory over Oakland. The Seals, who have not beaten the Penguins in seven outings, spoiled Pittsburgh goalie Les Binkley's shutout bid when Gerry Ehman scored late in the game.

Minnesota came from behind with goals by Dave Balon and Andre Boudrias in the second period and then withstood Los Angeles the rest of the way. The victory moved the second-place North Stars to within three points of pace-setting Philadelphia in the West Division.

Escanaba Puck Team Gets Win Over Gladstone

The Escanaba Juvenile hockey team defeated Gladstone 10-1, in action at the Watertower rink here Wednesday.

Dennis Lancour and Bruce Irving each scored the three goal hat trick for Escanaba with Gary Provo, Dennis Eastman and Rick Lancour assisting. Jim Korntved, Gary Provo, John Pratt and Guy Provo poked in single goals with Korntved and Bob Stone also getting assists. John Strom kicked out 33 shots from the Esky nets.

Bernie LaPlaunt, Jim Ferrari, Roger Chylek and Stan Wiltzius were defensive standouts.

Harlan Couillard registered Gladstone's lone goal.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Pistol Pete Sets Record

By The Associated Press

You could call Pistol Pete Maravich the Babe Ruth of college basketball.

He draws the fans to watch his fantastic shooting in much the same manner as the late Sultan of Swat did baseball fans when he was hitting home runs for the New York Yankees.

Whether his team wins or loses, the sophomore sensation for Louisiana State has been getting his average of 45 points per game with several bursts of 50 or more points.

Maravich did it again Wednesday night even though LSU lost on the road Auburn 74-69. He threw in 49 points, including a streak of 25 in a row at the start of the second half, and set a Southeastern Conference season scoring record of 793 with eight games still to play.

"Average Game"

"It was just an average game," Maravich said after he had erased Bob Pettit's old SEC scoring mark. Pettit, former LSU All-American, tallied 785 points in 25 games during the 1954 season.

Maravich's 25 points in a row is believed to be a national collegiate record. In fact, he accounted for 31 of LSU's 37 points in the second half.

Maravich's heroics overshadowed the 72-71 squeaker sixth-ranked New Mexico scored over 10th-ranked New Mexico State in the only game involving teams in The Associated Press Top Ten.

Greg Howard's free throw in the closing seconds gave the Lobos the victory in the see-saw struggle on their home court at Albuquerque, N.M.

Howard Wiser

Howard, who had been thrown out of two games already this year, one last Saturday when Arizona ended New Mexico's 17-game winning streak, said the Aggies tried to get him mad by crowding him.

"I wasn't about to get thrown out of this game," Howard said later. "I just told the referee about it."

Ron Sanford, with 23 points, paced the Lobos, who at one time led by nine points at 63-54 with six minutes left. The Aggies rallied to tie at 71-71 on Bob Evans' free throw with eight seconds on the clock before Howard was fouled and converted the winning point.

New Mexico's season record now is 18-1, New Mexico State 17-3.

Don May scored 21 points, including four straight baskets at the start of the second half, to pace Dayton to a 64-56 home court triumph over Xavier of Ohio.

Mount Gets 31

In other major games, all home court successes, Louisville edged Drake 67-66, Toledo drubbed Western Michigan 83-71, Navy downed Georgetown, D.C., 89-85 in overtime, Temple defeated St. John's of New York 62-55 and Iowa whipped Purdue 94-87 despite 31 points in a losing cause by Rick Mount.

Also Cincinnati took Wichita State 99-85, Marquette conquered Chicago Loyola 71-57, and Holy Cross vanquished Fordham 85-76 behind Ed Siudut's 36 points.

On the road, Marshall eked out a 69-68 victory over Miami of Ohio and Bowling Green whipped Ohio U. 78-68.

West Virginia overcame Georgia Tech 79-75 at Charleston, W.Va., while at Arlington, Va., George Washington beat Virginia Military 60-59 on Garland Pinkston's basket from the corner in the last two seconds.

Unbeaten Long Island, No. 1 in The AP small college poll, made it 15 in a row by edging Rider 55-52 at Trenton, N.J.

Michigan Tech Suffers Loss

WEST DE PERE, Wis. (AP) —St. Norbert led all the way Wednesday night in defeating Michigan Tech 94-78 in a nonference basketball game. The winners built up a 56-39 advantage by the half.

Tom Rankin had 30 points and Jack Gebler 23 for St. Norbert, now 6-9 for the season. Bob Bohse had 23 for Michigan Tech, 1-12.

Peggy Fleming

Miss Fleming Nears Skating Gold Medal

GRENOBLE, France (AP) — Peggy Fleming's nonstop charge toward a figure skating gold medal and skier Billy Kidd's rapid recovery from an alarming ankle injury sent U.S. hopes soaring again today at the 10th Winter Olympics.

Skittish weather conditions, however, continued to plague the Games, forcing postponement of the men's downhill race and opening heats in men's and women's luge competition.

Miss Fleming, a poised, 19-year-old beauty from Colorado Springs, Colo., took a runaway, 67-point lead over Gabriele Seyfert of East Germany with four of five compulsory figures completed at the Stade de Glace.

Barring a collapse in the final school figure, the raven-haired world champion will carry a near insurmountable edge into Saturday's free-skating finale, which counts 40 per cent of the total score.

Kidd, the Stowe, Vt., flash who figures to be America's top medal candidate in the Alpine tests, announced he would start in the downhill race after being virtually counted out because of a sprained left ankle suffered during Wednesday's practice run.

"I feel okay. I will go in the race," Kidd said about an hour before the scheduled start of the Games' initial Alpine test, which was washed out by snowfall, high winds and fog.

The first starter, Guy Perillat of France, was at the starting spot when Marc Hodler, president of the International Ski Federation, announced the postponement. Race officials will decide later today on a new date.

At Villard-de-Lans, unseasonably mild weather forced postponement of the first two heats in the luge singles. Temperatures hovering around 39 degrees made the ice track too soft, and light snow further impaired the task of keeping the track in condition.

Luge officials also were to meet later today to decide whether the first two of four singles runs could be staged tonight. Two-man bobsled heats, postponed Wednesday night because of bad weather, also were to be run tonight at Alpe d'Huez.

Miss Fleming, the favorite to give the U.S. its first gold medal in ladies' figure skating since the 1956 Games, built a 30-point lead in the first two compulsory figures Wednesday and pulled steadily away on her third and fourth figures today.

Skating with easy assurance, she gained 18 points on Miss Seyfert on the third figure, a "double paragraph forward three," and shot further ahead on the fourth, a "forward paragraph loop" regarded as one of the most difficult in the sport.

Austria's Beatrix Schuba remained third, but fourth-place Albertina Hoyes, 19, of Arlington, Mass., had closed the gap from 10 points to 1.3 with brilliant tracings on the fourth figure.

Miss Fleming had a total of 823.3 points, Miss Seyfert 756.3, Miss Schuba 736.8 and Albertina 735.5.

Miss Fleming received the highest marks from all nine judges on the third figure and got the best rating from all but one — Miss M. Phillips of Britain — on the fourth.

The British judge gave Miss Noyes a higher score than Peggy on the fourth figure.

Red Wings Last In League; Try Defense Change

DETROIT (AP) — Sid Abel keeps juggling his lines in an effort to whip his Detroit Red Wings out of a month-long slump which has dumped the club into last place in the National Hockey League's Eastern Division.

But the team's problem isn't offensive punch.

With Gordie Howe and Alex Delvecchio among the top five NHL scorers, the Wings have tallied 176 goals, second only to Boston's league-leading total of 182.

Abel's problem is defense. Detroit outscored its opponents 18 to 14 in its last three games and lost two of them.

Detroit, which takes on the New York Rangers tonight, has given up 170 goals, by far tops in the league.

Part of the problem has been Roger Crozier's month long absence from the nets. But even Crozier, gradually returning to All-Star form, can't cope with 100 mile-per-hour shots without a little help from the defense.

Detroit's defense consists of only one class player, Gary Bergman. Howie Young and Kent Douglas, acquired earlier this year from Oakland, are rugged enough for the NHL but not fast enough to handle fast-skating forwards on the top clubs like Chicago, Montreal and Boston.

Irv Spencer, a long-time minor league standout, is a stopgap player and Bart Crashley and Jim Watson, both rookies, lack the experience to be effective.

Abel has been forced to split his better defensemen, pairing Bergman and Douglas with the rookies in order to have at least one top player on the ice all the time.

If the Wings hope to make the playoffs this year, and they are seven points off the pace for the final spot with 23 games to play, about the best Abel can hope for is to outscore the opposition with flurries of six and seven goals per game.

In an effort to accomplish this while giving experience to some of the younger players, Abel will shuffle his lines again tonight.

Howe, the All-Star rightwing, will center a line for Delvecchio and rookie Doug Roberts.

Dean Prentice, normally on the line with Howe and Delvecchio, will team up with Paul Henderson and Gary Jarrett.

Floyd Smith, with six goals in the last three games, goes from the Henderson-Jarrett line to one with Norm Ullman and Bruce MacGregor.

Meanwhile, Abel's assistant, Baz Bastien, has been scouring the minor leagues in search of another defenseman.

Hairston Back With Pistons

CHICAGO (AP) — Happy Hairston will be back in action tonight when the Detroit Pistons take on the Chicago Bulls.

Hairston sat out Tuesday's 120-93 romp over the San Diego Rockets, suffering a twisted knee.

Coach Donnis Butcher said Wednesday he was pleased with the work of Hairston and 6-foot-10 center Jim Fox, acquired from Cincinnati in a deal for Tom VanArsdale and John Tresvant.

Hairston scored 27 points and hauled in 16 rebounds in a victory over Baltimore last weekend.

Fox got 10 rebounds in an 11-minute stint against the Rockets.

"Jim still needs a great deal of work," said Butcher. "But he likes to mix it up and we still think he'll be a great deal of value to us."

American Speed Skaters Bored, Ill And Unhappy

GRENOBLE (AP) — Glum looks appeared to be part of the uniform Wednesday for the Olympic speed skaters from the United States.

The Americans with Winter Olympic medal prospects among them, admitted to being bored, unhappy with the training facilities and hampered by illness to teammates.

Said American Coach Ken Henry of Lake Bluff, Ill.: "We are going through one of the most unfortunate periods I can remember at any major speed skating tournament.

"We have had three of the kids down with stomach trouble, the weather, until today, has been poor, and we are not exactly in love with the ice surface.

"The combination of events has hit morale and we are all pretty low at the moment. This is not helped by the arrival of the bronzed Swedish, Dutch and Norwegian girls, all fighting fit after pre-games training at Davos, Switzerland."

Added team head manager George Howie, from Oconomowoc, Wis: "I'm going through hell. The girls go into action Friday and as of this moment I am still unable to choose the starters for the 1,000 meters event Sunday morning."

Named for the 500 meters event Friday are Diane Holum, 16, of Northbrook, Ill., Margaret Meyers, 22, of St. Paul, Minn., and Jenny Fish, 18, from Strongsville, Ohio.

In the 1,500 meters will go Holum, Jeanne Ashworth, 29, of Wilmington, N.Y. and Mrs. Jeanne Omelenchuk, 36, of Warren, Mich.

Still on the sick list is 21-year-old Toy Dorgan, of Springfield, Ill. She skated Wednesday for only a few laps, then said she felt it would be unwise to carry on.

Even reigning 500-meter Olympic champion, Terry McDermott of Birmingham, Mich., refused to raise a smile as he finished a training stint.

"I just don't get it—I've never been so depressed," he said.

Pat Miller Back Atop Point, Rebound List; Menominee Wins Title

Pat Miller of Menominee, 6 foot 3 inch veteran, has regained the scoring and rebounding lead in the Great Northern Conference this week, according to statistics released by Ken Peterson of Escanaba.

Miller has scored 117 points and hauled down 64 rebounds in five games. Brian Ouimette of Iron Mountain has 92 points, but has played two less games than Miller. John Moberg, Escanaba junior, has 61 rebounds.

The Maroons have clinched the conference title with a 5-0 record heading into Friday's game at Holy Name.

Tigers Miss Gift Shots, Lose Game

KINGSFORD—The Powers-Spalding Tigers could't find the range from the free throw line here Wednesday night and blew an opportunity to knock Channing out of a share of first place in the Big Six Conference race.

The Tigers bowed, 65 - 55, for their third setback of the season. The victory put Channing a half game ahead of Hermansville in the league standings.

Coach Mike Forsberg's Tigers outscored the Railroaders by two field goals, 24 to 22, but made only seven of 25 attempts from the free throw line. The Railroaders converted 21 of 36 chances from the charity stripe for their margin of victory.

The Tigers had a big 62-37 advantage on the boards with Kim Riedy pulling down 19 rebounds and Roger Stebbins 18.

Todd Lindeman of Channing took scoring honors with 28 points, including 10 from the line.

Powers - Spalding won the jayvee game, 60-53.

Zion Women To Hold Valentine Tea Saturday

The Valentine Tea, sponsored annually by the Lutheran Church Women of Zion Lutheran Church, will be held at 2:30 p.m. on Saturday, Feb. 10 in Augustana Hall. The Faith Group is in charge of the dining room and decorations.

The program, arranged by the Hope Group, will feature Mrs. Robert Noe, who will play selections on the harp. Also featured will be the Luther Choir of the church who will sing two selections. In charge of the choir are Merry Jo DeSautel, Arlene Jetty and Karen Creighton.

Also included in the program will be:

Greetings by Mrs. Earl Malloch, Sr., LCW president; Scripture and prayer by Mrs. Clifford Christensen; Recitations will be presented by Vickie Jo Lynts, Kelly Peterson, Cindy Curran, Cindy Johnson, Sharlene Mathson, Karl Levin, Karla Smith, Barbara Sundberg, Jimmy Curran, Kevin Johnson, Marie Bellville.

Closing remarks will be by Mrs. Thor Reque.

Members of the refreshments committee are: Mrs. William Storvig and Mrs. Erland Danielson, co-chairmen, Mrs. Conrad Anderson, Mrs. William Graff, Mrs. Ed Jorgenson, Mrs. Leroy Babbitt, Mrs. Ed Gundersen, Mrs. Jack Creighton, Mrs. Julius Settergren, Mrs. Thor Reque, Mrs. Eugene Carlson, Mrs. William Howe, Mrs. Martin Miller, Mrs. N. E. Dahlman and Mrs. William Cowman.

All ladies of the community are welcome to attend.

Hospital

Admitted to Schoolcraft Memorial Hospital were: Hazel Hazen, Jerry Brower, Nettie Ackley, Marie Oliverius, Karoly Potvin, John Lustila, and Edward Parker.

Discharged were: Kevin Rossier, Clyde McMillan, Lori McLear, Robert Zellar, Mary Chartier, Louise Walters, and Ronald Demers.

MANISTIQUE

Mrs. Dan Molloy (Mincoff Photo)

Donna Hoholik Wed To Dan. H. Malloy

Donna Marie Hoholik, daughter of Mr. and Mrs. Donald Hoholik, 226 Deer St., and Dan H. Malloy, son of Mr. and Mrs. Bud Malloy, 239 Arbutus Ave., were united in marriage Saturday, Feb. 3 at a 1 p.m. Nuptial High Mass in St. Francis de Sales Church. Msgr. F. M. Scheringer officiated at the double ring ceremony.

Maid of honor was Molly Hoholik and best man was Michael Malloy. James Malloy, Tom Carlson, Kenneth Blowers, and James McDonough ushered.

Given in marriage by her father, the bride chose a floor length cage style gown of organza over a fitted sheath of taffeta. The dress was accented by Kabuki sleeves and trimmed with Venice lace daisies and bordered around the hemline with lattice work. A profile daisy headpiece highlighted her gown and was secured with a elbow length illusion veil. She carried a bouquet of white daisies with an orchid.

The maid of honor wore a mint green faille gown with elbow length sleeves and matching mint green headpiece with a fly away veil. She carried a cluster of yellow and white carnations.

The bride's mother chose a chartreuse ribbon knit two-piece suit with matching accessories and a corsage of gold orchids. Mrs. Malloy chose a brown and beige knit suit with matching accessories and was presented a corsage of a pink and white orchid.

Honored guests were Mrs. Josephine LaVigne, Mrs. Dan Malloy, and Mr. Albert Hoholik.

A reception for 100 guests was held at the home of the bridegroom.

For her wedding trip to a undisclosed destination the bride wore a turquoise A-line dress with matching accessories.

The couple will make their home at 813 Lovell West - Apt. B 204, Kalamazoo. The bride is a 1966 graduate of Manistique High School and was previously employed at Schoolcraft Memorial Hospital. The bridegroom is also a graduate of M.H.S. and is a senior at Western Michigan University.

Initiation Will Honor Founders Of Runeberg

The first of several planned initiations of new members into the local lodge of the International Order of Runeberg in 1968 is set for Tuesday evening, Feb. 13 at the home of Mr. and Mrs. U. S. A. Heggblom, corner of Range and Oak Streets.

This event will be held in honor of those who organized the Manistique lodge as a temperance society just 57 years ago. At that time to be a member one had to be acquainted with the Swedish language, but for the past 50 years membership is open to all people of good character regardless of race or religion or other qualifications, provided there is some knowledge of either the English or Scandinavian languages as lodges are only presently formed in either English or Scandinavian speaking countries.

In 1966 Michigan was honored by holding the International Convention in one of its communities, at Dollar Bay, for the first time in 40 years. The initiation of new members for Feb. 13 will cover four degrees, Friendship, Helpfulness, Honor, and Unity. Most of its lodges are in the United States and Canada and as an international organization its primary purpose is good will among all nations regardless of creed, color, or nationality. Mr. Heggblom, its present local president is the immediate past president of its Supreme Lodge and as such now serves as board chairman of the International Order.

Conducting the initiation of the new members will be the marshal, Mrs. Richard Bjorkman, whose mother was the first president and who conducted a similar initiation as president and master of ceremonies 57 years ago.

Other members of the initiating team are Mrs. Harry Ahlstrom, as pianist, Mrs. Edward Jorgensen, as conductor of the station of Helpfulness, Mrs. Edward Mathson, the station of Friendship and Mrs. Verner Ekstrom at the station of Honor, and U. S. A. Heggblom, the Master of Ceremonies and station of Unity.

Those to be initiated are: Mrs. Oliva DeSautel, John Sundberg and Oliver Mickelson of Manistique. Mr. and Mrs. William Hill of Cooks and Mr. and Mrs. Nestor Dahlman of Gulliver. The lodge has had more than one hundred per cent increase in membership in the past two years.

Gold Rush Guide Brings Top Price

NEW YORK (AP) — A rare copy of a guide for Mormons who joined the California gold rush in the 1850s brought a top price of $2,800 at a Parke-Bernet Galleries book auction Wednesday.

The book, entitled "Mormon Way-Bill to the Goldmines," was published in Salt Lake City, Utah, in 1851, and was intended to guide Mormon gold-seekers to camping sites and water holes in the California gold mine area.

Only five of the volumes are believed in existence. The book was purchased by Warren Howell, a San Francisco book dealer.

THE LITTLE WOMAN

"You should see him BEFORE he's had his morning coffee!"

Circle To Hold Rummage Sale On Saturday

St. Elizabeth Circle of St Francis de Sales Church met Tuesday evening at the home of Mrs. George Wood.

Plans were made for a rummage sale which will be held Saturday, Feb. 10, in the St. Francis de Sales School. Mrs. Edwin E. Wuehle is chairman. A report of the recent Hospital Auxiliary dinner was given by Mrs. Donald Schulze.

The March meeting will be held at the home of Mrs. Robert Ebli, West Shore Drive, with Mrs. John W. Kelly assisting.

Jaycees Start 3rd Gun Safety Clinic Tonight

The Manistique Jaycees will hold their third annual Gun Safety Clinic at the Manistique Armory beginning tonight, for the next 7 weeks. Tonight's meeting will begin at 7:30 p.m. and other sessions will be at 7 p.m. on following Thursday nights.

The clinic is open to both boys and girls, ages 7 to 14. Manistique State Police will be present tonight for orientation.

Anyone needing a ride is to contact members of the Jaycees.

School Workers Endorse Millage

The Auxiliary Employees Association of the Manistique Area Schools has endorsed the school millage levy to be voted on in the election, Feb. 16 and has urged all parents of students to vote favorably at the polls.

The resolution said, in part "we recognize the current needs and the importance of maintaining a secure financial base to provide our children with best possible education and we urge all concerned citizens to vote yes at the polls."

Airport Use Nearly Doubles

Vern Bernard of Bernard's Flight Service reported that 47 aircraft used Schoolcraft County Airport and radio facilities during January 1968 as compared to 24 of Jan. 1967.

The Federal Aviation Adminstration are now in the process of sketching the visual omni approach plans for Schoolcraft County Airport and plans for FAA Certification about June 1st, 1968.

Social

St. Rita Circle

Mrs. Robert Hawn and Mrs. Dino Pirola entertained members of the St. Rita Circle on Tuesday evening at the Hawn residence on Range St. Assignment for Mardi Gras Festival were made and an altar committee appointed.

Prizes were awarded to Mrs. Alvin Nelson and Mrs. Lyle Kotchen. The next meeting will be held at the home of Mrs. Earl H. LeBrasseur on Tuesday, March 5 with Mrs. Lyle Kotchen assisting.

Schoolcraft County EVENTS AND NOTICES

The Manistique Community Schools will sponsor a Story Hour on Saturday, Feb. 10, at 10:30 a. m. at the Lincoln Kindergarten. Stories relative to Lincoln's Birthday and Valentine's Day will be featured.

All Ladies of the Community are invited to the annual Valentine Tea, sponsored by the LCW of Zion Lutheran Church Feb. 10 at 2:30 P. M. in Augustana Hall.

Banquet for World War One Veterans at VFW Hall, February 29th at 6:30 P. M.

On Tuesday, Feb. 27 at 7 P. M. St. Francis de Sales Church will sponsor a Mardi Gras Festival at the Parish Center. A Costume Party, Free Lunch and Prizes. Also a motorcycle will be given away. All teenagers and adults are invited.

Manistique Annual Dance will be held Sat., Feb. 24, 1968 at U.A.W. Local 182 Hall at 3500603 Plymouth Rd., Livonia, Mich. Everyone wishing to make reservations in advance are to contact Mr. O. LaVigne, 29540 Minton St., Livonia, Mich. Tickets are $6.00 per couple or $10.00 at the door.

Feb. 23-24-25 will be the time for the Manistique showing of the film, "THE RESTLESS ONES"—to pe presented at the Oak Theatre. This is being supported by a wide-spread community effort, including the support of the Manistique Ministerial Association. Both youth and parents are urged to mark these dates and plan to attend!

Lumber Jack Parade is being planned as one of the highlights of "Old Fashioned 4th of July," under direction of the Legion Post 83. It is scheduled for July 3rd at 7:30 P. M.

St. Elizabeth Circle will hold a Rummage Sale Saturday from 9 a. m. to 3 p. m. in the St. Francis de Sales School. Entrance is from the Oak St. parking lot.

Detroit Tigers Sign Rookies

DETROIT (AP)— The Detroit Tigers, who finished second to the American League champion Boston Red Sox last year, Wednesday announced signings of three rookie pitchers. The actions completed contract negotiations with all players on the spring training roster two weeks before camp opens.

Pitchers Les Cain, Dick Drago and Jon Warden were signed Wednesday, said Jim Campbell, general manager of the Tigers.

Manager Mayor Smith has a roster of 39 players under contract but has invited four players not under contract to join spring drills starting at Lakeland, Fla., Feb. 24. They include veteran outfielder Lenny Green and catcher Bill Heath, both of whom played with the Tigers last year, and rookie pitcher Tom Timmerman and catcher Arlo Brunsberg.

Cain had an 11-13 record with a 2.77 earned run average at Montgomery last year. Warden was 15-11 with a 2.88 ERA at Rocky Mount and Drago had a combined 15-10 record at Montgomery and Toledo.

Piper Quintet Misses Connie

By The Associated Press

Life for the Pittsburgh Pipers without Connie Hawkins has been miserable, miserable enough to drop them out of first place in the Eastern Division of the American Basketball Association.

Hawkins, the league's second leading scorer, left the line-up with a blood clot in the leg last week and the Pipers have won only one game in four since he left.

Their third straight loss came Wednesday night when Houston pounded them 133-112 in Houston and the Pipers fell a half-game behind idle Minnesota.

In other games, Indiana won its fifth in a row by slipping past visiting New Jersey 106-105, Denver beat Dallas 97-87 at home and New Orleans whipped host Oakland 111-107.

Houston, last in the Western Division, set a club record with its 133 points as it took an early lead and pulled away under Willie Somerset's 28 points. Chico Vaughn had 30 for Pittsburgh, which also missed the rebounding of the 6-foot-9 Hawkins.

Indiana continued its rebound from a seven-game losing streak as 7-foot Reggie Harding, acquired two weeks ago, scored 18 points and grabbed 27 rebounds. Bob Netolicky added 30 points.

New Jersey had pulled within 102-100 with 2:06 left when Harding hit two free throws and fed Oliver Darden for a layup before the Americans scored the last three points.

Card of Thanks

Swanson

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our dear husband and father, Arthur Swanson. We are grateful to Rev. Robert Selberg for his comforting words, to those who sent flowers, spiritual bouquets, the donation of food and to Anderson Funeral Home. We thank you all.

The Family Of Arthur Swanson

In Memoriam

St. John

In loving memory of Patrick J. St. John who passed away February 8, 1965.

Happy third birthday in Heaven my son,
A party in Paradise must be a lot of fun.
I close my eyes but can not quite see,
Candles on your cake, three or twenty three.
Who here ever had such guests to entertain,
For none as they on this earth now remain.
Queenly Mother Mary in her mantle of blue,
Jesus, His gentle smile, Love shining through.
With the Father and the Holy Spirit there above,
How could anyone hope to share a greater love.
Two little angels fondly linger so near,
Baby aunt Alice, You little brother dear.
St. Joseph and other Saints by the dozens,
Four Grandparents, Aunts, Uncles, and Cousins.
Angels, Neighbors, Friends, both new and old,
Please tell me my dream is not too bold.
My gift to you this day is a Holy Mass,
My love you have as always in the past.
You would be leaving the service about now.
It is very hard but to "His Will" I bow.

I miss you so Babe
Your Mother,
Mrs. Agnes G. St. John
